ANALYSIS: (Attach a separate page if necessary)

This legislation creates an increased expense to Risk Management operating costs for a new administrative assessment fee beginning in 2001.

Applying the proposed rate schedule to the average of the five most recent fiscal years workers' compensation experience (\$9,191,125) estimated costs are projected, although future loss experience will determine actual costs incurred.

As Risk Management is funded solely through inter-agency receipts, this additional expense will require increased cost of risk allocations (premium assessments) to all state agency operating budgets.
