ANALYSIS: (Attach a separate page if necessary)

This bill would provide general statutory authority for the civil prosecution of a person who makes a false claim for, or a misrepresentation regarding, money or property against the state or a municipality. It would allow for damages of up to three times the amount suffered, a civil penalty, and court costs and attorneys fees from persons who make a representation or false claim against the state or a municipality. The new law would not apply to any controversy that involves less than \$500 and would not apply to unemployment claims, workers' compensation claims, state tax claims, public assistance claims, or temporary assistance claims.

Any potential fiscal impact or revenues resulting from passage of this legislation will be dependent on the number and magnitude of new prosecutions undertaken by the state.
