10 \* **Sec. 3.** AS 18.28 is amended by adding new sections to read:

11 **Article 2. Home Health Agencies.**

12 **Sec. 18.28.110. Purpose; applicability.** (a) The purpose of AS 18.28.110 -  
13 18.28.190 is to promote safe and adequate home health services for individuals by  
14 setting standards for home health agencies that will ensure quality of care, safeguard  
15 patient's rights, and otherwise protect public health, safety, and welfare.

16 (b) AS 18.28.110 - 18.28.190 and the regulations adopted under those sections  
17 apply to agencies for which licensure is required under AS 18.28.130.

18 **Sec. 18.28.120. Powers of department.** The department may

19 (1) license home health agencies;

20 (2) inspect applicants and licensees, including subunits and branches  
21 of the licensee, and persons that the department reasonably believes are operating an  
22 agency without a license in violation of this chapter;

23 (3) consistent with the purposes identified in AS 18.28.110, adopt  
24 regulations to implement AS 18.28.110 - 18.28.190, including regulations establishing  
25 licensure and renewal procedures, inspection procedures, standards, fees, and  
26 requirements for operation of home health agencies;

27 (4) accept accreditation by the Joint Commission on the Accreditation  
28 of Health Organizations or another national accreditation organization recognized by  
29 the department in lieu of an inspection of a home health agency by the department for  
30 the year in which the accreditation was granted if the accreditation standards are  
31 substantially similar to the inspection standards of the department.

1           **Sec. 18.28.130. License required.** (a) An entity that establishes, conducts,  
2 or represents itself to the public as a home health agency must have a license from the  
3 department authorizing it to be a home health agency under AS 18.28.110 - 18.28.190.

4           (b) A parent agency or subunit of a home health agency must be located in the  
5 state. Each subunit must independently meet the requirements of this section and be  
6 issued a separate license. A branch office of the parent agency or of one of its  
7 subunits is not required to independently meet the requirements for licensure.

8           **Sec. 18.28.140. Application for license.** Application for a license to operate  
9 a home health agency shall be made to the department on a form provided by the  
10 department and shall be accompanied by applicable fees established by the department  
11 under AS 18.28.120.

12           **Sec. 18.28.150. Issuance and renewal of license.** (a) Upon receipt of an  
13 application for license and the license fee, the department shall issue a license if the  
14 applicant meets the requirements established under AS 18.28.110 - 18.28.190. If the  
15 applicant does not meet the requirements established under AS 18.28.110 - 18.28.190  
16 but makes continued efforts to comply with them, the department may grant a  
17 temporary or provisional license for a limited period of time.

18           (b) Each license issued is for the person, agency, corporation, partnership,  
19 association, or other form of organization named on the application and is not  
20 transferable or assignable except with the written approval of the department.

21           (c) The department shall establish the standards for license renewal and  
22 determine the renewal period by regulation.

23           (d) A license is not renewable if it has been suspended or revoked under  
24 AS 18.28.160.

25           **Sec. 18.28.160. Denial, suspension, or revocation of license.** (a) The  
26 department may deny, change to a provisional license, or revoke a home health agency  
27 application or license if the department finds that the agency

28                   (1) has endangered or would endanger the health, safety, or welfare of  
29 a patient;

30                   (2) has a history of deficiencies in quality of care;

31                   (3) has had a license to operate a home health agency revoked in any

1 licensing jurisdiction;

2 (4) has been convicted of operating a home health agency without a  
3 license in any licensing jurisdiction;

4 (5) lacks a sufficient number of personnel who have the training,  
5 experience, or judgment to provide adequate patient care;

6 (6) has committed fraud, deceit, misrepresentation, or dishonesty  
7 associated with the application for or operation of a home health agency in any  
8 licensing jurisdiction; or

9 (7) has violated regulations adopted under AS 18.28.110 - 18.28.190.

10 (b) The department may, without a hearing, summarily suspend a home health  
11 agency license if it finds that the actions or deficiencies of the agency cause an  
12 immediate and serious threat to the public health, safety, or welfare. A summary  
13 suspension remains in effect until the department finds that the actions or deficiencies  
14 are corrected or the license is revoked.

15 (c) The department may, without a hearing, change a home health agency  
16 license to a provisional license for a period of time established by the department if  
17 the department finds that an agency is temporarily unable to comply with  
18 AS 18.28.110 - 18.28.190 or is in the Medicare decertification process, but is taking  
19 the appropriate steps necessary to bring the agency into compliance. An agency  
20 holding a provisional license may not accept new patients. If the agency fails to  
21 correct its deficiencies within the provisional license period, the department shall  
22 revoke that agency's license.

23 (d) Application denial and revocation actions by the department shall be  
24 conducted under AS 44.62 (Administrative Procedure Act).

25 **Sec. 18.28.170. Disclosure of information.** (a) The department shall make  
26 reports concerning inspections and investigations of home health agencies it licenses  
27 in this chapter, including statements of deficiencies and approved plans of correction,  
28 available to the public within 14 calendar days after the information is made available  
29 to the home health agency being reviewed.
