2 Delete all material and insert:

3 “(g) If the department determines that it is in the best interests of the state to require that
4 persons holding aviation-related leases, permits, or concession contracts for use or occupancy of
5 an airport operated by the department, including international airports, provide insurance
6 coverage, the department shall develop and adopt by regulation guidelines for the types and
7 limits of insurance coverage required for aviation-related leases, permits, or concession
8 contracts. The department may authorize a variation from the coverage required by the
9 regulation if the department finds in writing that the variation is necessary considering the best
10 interests of the state and the unique circumstances underlying a specific aviation related lease,
11 permit, or concession contract.”
