

HOUSE BILL NO. 273

IN THE LEGISLATURE OF THE STATE OF ALASKA

TWENTY-SECOND LEGISLATURE - FIRST SESSION

BY REPRESENTATIVES JAMES, Rokeberg

Introduced: 5/8/01

Referred: Transportation, Finance

A BILL

FOR AN ACT ENTITLED

1 **"An Act relating to the airports in Anchorage, Fairbanks, and Cold Bay, and**
2 **establishing the Alaska Airport Authority; and providing for an effective date."**

3 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

4 * **Section 1.** The uncodified law of the State of Alaska is amended by adding a new section
5 to read:

6 FINDINGS AND PURPOSE. (a) The Alaska State Legislature finds that the state-
7 owned and state-operated international airports at Anchorage and Fairbanks are critical air
8 transportation links between the Orient, Europe, and North America, are the major points of
9 access to Alaska for international and interstate air travelers, and are major hubs for the
10 shipment of cargo throughout the Pacific Rim and the Northern Hemisphere. In order to
11 protect and maintain the viability and competitive position of the Anchorage and Fairbanks
12 international airports, it is in the best interest of the state to vest management of these airports
13 in an independent authority that can provide effective marketing of the airports; efficient,
14 responsive, and integrated management of the airports; and competitive services and facilities

1 to users of the airports.

2 (b) The purpose of this Act is to establish an authority for the operation, management,
3 planning, and construction of facilities for the state-owned and state-operated international
4 airports at Anchorage and Fairbanks and the state-owned and state-operated airport at Cold
5 Bay.

6 * **Sec. 2.** AS 02 is amended by adding a new chapter to read:

7 **Chapter 45. Alaska Airport Authority.**

8 **Article 1. Creation and Organization.**

9 **Sec. 02.45.010. Alaska Airport Authority.** (a) The Alaska Airport
10 Authority is established as a public corporation of the state. The corporation is an
11 instrumentality of the state in the Department of Transportation and Public Facilities
12 but has a legal existence independent of and separate from the state and has continuing
13 succession until its existence is terminated by law.

14 (b) The authority is the exclusive state agency responsible for the operation,
15 management, planning, marketing, construction, and maintenance of facilities for the
16 state-owned and state-operated international airports located at Anchorage and
17 Fairbanks and for the state-owned and state-operated airport at Cold Bay.

18 (c) The powers of the authority are vested in the board of directors of the
19 authority.

20 **Sec. 02.45.020. Board of directors.** (a) The board of directors of the
21 authority consists of seven voting members appointed by the governor in accordance
22 with this section:

23 (1) two members who are residents of the Municipality of Anchorage;

24 (2) two members who are residents of the Fairbanks North Star
25 Borough;

26 (3) one member who is a resident of the Aleutians East Borough; and

27 (4) two members, at least one of whom is a resident of the state.

28 (b) The appointed members of the board described under (a) of this section
29 shall have appropriate and relevant experience in the management or operation of
30 airports or of aviation or related business enterprises, except that

31 (1) at least one member shall be a representative of a labor

1 organization that represents employees of the authority;

2 (2) at least one member shall have experience in the management of
3 scheduled airline service;

4 (3) at least one member shall have experience in general aviation in the
5 state; and

6 (4) at least one member shall have airport management experience at
7 an airport serving a community with a population of at least 60,000 persons.

8 (c) The commissioner of transportation and public facilities is a nonvoting, ex
9 officio member of the board. The commissioner may designate a person to serve on
10 the board in the commissioner's absence.

11 (d) The appointed members of the board serve for staggered terms of four
12 years. The terms of the appointed members begin on January 1.

13 (e) The appointed members of the board shall comply with the requirements of
14 AS 39.50 (public official financial disclosure).

15 (f) The appointed members of the board may neither be employed by the state,
16 including the University of Alaska, nor hold an elected state or municipal office.

17 **Sec. 02.45.030. Removal of members.** The governor may remove an
18 appointed member of the board for cause, including incompetence, neglect of duty, or
19 misconduct in office. Before a member is removed for cause, the member shall be
20 given a copy of the charges and afforded an opportunity to publicly present a defense
21 in person or by counsel upon not less than 10 days' notice. If a member is removed for
22 cause, the governor shall file with the lieutenant governor a complete statement of all
23 charges made against the member and the governor's findings based on the charges,
24 together with a complete record of the proceedings. The governor may suspend a
25 member of the board pending a final action under this section.

26 **Sec. 02.45.040. Compensation and expenses.** (a) A member of the board,
27 other than the commissioner and the commissioner's designee, is entitled to
28 compensation not to exceed \$400 for each day the member is engaged in the actual
29 performance of duties as a member of the board for a maximum of 60 days in a
30 calendar year. The board may provide by rule for compensation for partial days
31 during which an appointed member is engaged in actual performance of duties as a

1 member of the board.

2 (b) In addition to compensation under (a) of this section, a member of the
3 board, other than the commissioner and the commissioner's designee, is entitled to per
4 diem and travel expenses authorized by law for state boards and commissions under
5 AS 39.20.180.

6 **Sec. 02.45.050. Meetings.** (a) The board shall hold at least four regular
7 meetings each year. The site of the regular meetings shall rotate between Anchorage
8 and Fairbanks.

9 (b) The board may hold special meetings at the call of the chair or at the
10 request of three members of the board.

11 **Sec. 02.45.060. Officers and quorum.** (a) The board shall elect a chair and a
12 vice-chair from among its members. A member of the board may not serve as chair
13 for two consecutive terms. The chairmanship of the board shall rotate among
14 members of the board appointed under AS 02.45.020(a)(1) - (3). The chair and vice-
15 chair serve for terms of two years.

16 (b) The board shall elect a secretary, who need not be a member. The
17 secretary serves at the pleasure of the board.

18 (c) Four members of the board constitute a quorum. Action may be taken and
19 motions and resolutions adopted by the board at a meeting by the affirmative vote of at
20 least four members, of which at least one member must be a member appointed under
21 AS 02.45.020(a)(1) and at least one member must be a member appointed under
22 AS 02.45.020(a)(2). Members may not vote by proxy. A vacancy in the membership
23 of the board does not impair the right of a quorum to exercise all the powers and
24 perform all the duties of the board.

25 (d) Members may participate in meetings of the board by electronic means.

26 **Sec. 02.45.070. Staff.** (a) The board shall employ a manager for the Ted
27 Stevens Anchorage International Airport and a manager for the Fairbanks
28 International Airport. The board may employ a manager for the Cold Bay Airport.
29 Airport managers shall be selected on the basis of education, experience, training, and
30 expertise in management of airports. Airport managers serve at the pleasure of the
31 board. Between meetings of the board, the airport managers shall report to the chair of

1 the board.

2 (b) The board shall employ officers and employees as necessary for the
3 efficient operation of the airports.

4 (c) The board may employ executive, administrative, fiscal, and legal officers
5 and employees as the board considers necessary for the efficient management of the
6 authority. The board shall seek to minimize unnecessary duplication of staff and
7 functions at airports operated by the authority.

8 **Sec. 02.45.080. Rules and emergency rules.** (a) The board shall adopt rules
9 to carry out its functions and the purposes of this chapter, including rules to safeguard
10 property owned by the authority and to protect employees and persons using the
11 authority's property or services. At least 15 days before the adoption of a rule, the
12 board shall give public notice of the proposed action by publishing a notice in at least
13 two newspapers of general circulation in the state and by mailing a copy of the notice
14 to each person who has requested notice of proposed changes to its rules. The notice
15 must state the time, place, and nature of the proceedings and must contain a summary
16 of the subject of the proposed rule.

17 (b) On the date and at the time and place designated in the notice required
18 under (a) of this section, the board shall provide each interested person an opportunity
19 to present statements in writing concerning the proposed rule and shall give members
20 of the public an opportunity to present oral statements for a minimum period of at least
21 one hour.

22 (c) The board shall consider all relevant matters presented to it before
23 adopting a rule. The board may take action on a rule that varies in content from the
24 summary provided with the notice of the proposed rule if the summary reflected the
25 subject of the rule in a way that provided reasonable notice to the public about whether
26 the authority's action on that subject could affect the public's interest.

27 (d) The board may adopt a rule on an emergency basis only when necessary
28 for the orderly operation of the authority's facilities or programs. The requirements of
29 (a) - (c) of this section do not apply to the adoption of an emergency rule under this
30 subsection. However, within 10 days after the adoption of an emergency rule, the
31 authority shall give notice of its action that substantially complies with the notice

1 requirements of this section. A rule adopted under this subsection remains in effect
 2 for not more than 120 days. To prevent an emergency rule from lapsing, the board
 3 may adopt the same rule under (a) - (c) of this section before the end of the 120-day
 4 period.

5 (e) Failure to mail a notice to a person under (a) or (d) of this section does not
 6 invalidate an action taken by the board.

7 (f) An interested person may challenge a rule adopted by the board by
 8 bringing an action in the superior court. In addition to other grounds, a court may
 9 declare a rule invalid

10 (1) for substantial failure by the authority to comply with this section;

11 or

12 (2) if the rule was adopted under (d) of this section, upon the ground
 13 that the emergency rule was not necessary for the orderly operation of the authority's
 14 facilities or programs.

15 **Article 2. Powers and Duties.**

16 **Sec. 02.45.100. Powers and duties of authority.** (a) In addition to other
 17 powers granted in this chapter, the authority may

18 (1) sue and be sued;

19 (2) adopt and alter an official seal;

20 (3) maintain an office in the state;

21 (4) acquire, hold, use, and dispose of its money, subject to
 22 appropriation by the legislature;

23 (5) acquire, hold, use, lease, rent, construct, and dispose of property for
 24 its purposes;

25 (6) issue revenue bonds in the amount authorized by law; and

26 (7) do all acts necessary to carry out this chapter that are not expressly
 27 prohibited by law.

28 (b) The authority shall

29 (1) operate, manage, plan, improve, market, construct, and maintain
 30 the facilities of the state-owned and state-operated international airports located at
 31 Anchorage and Fairbanks and of the state-owned and state-operated airport at Cold

1 Bay; and

2 (2) adopt and enforce

3 (A) bylaws of the authority establishing procedures consistent
4 with AS 02.45.080 for the adoption of rules and emergency rules;

5 (B) rules for the conduct of its business and for the use of its
6 services and facilities;

7 (C) personnel rules necessary to establish a system of personnel
8 administration substantially equivalent to the state personnel rules adopted
9 under AS 39.

10 **Sec. 02.45.110. Public nature of authority activities.** The planning,
11 construction, improvement, maintenance, and operation of an airport, whether by the
12 authority separately or jointly with another state agency, municipality, or person, and
13 the exercise of other powers granted to the authority are public and governmental
14 functions exercised for a public purpose and matters of public necessity. Land and
15 other property and privileges acquired and used by or on behalf of the authority for the
16 purposes enumerated in this chapter are acquired and used for public and
17 governmental purposes and as a matter of public necessity.

18 **Sec. 02.45.120. Acquisition of land and easements.** The authority, as part of
19 the cost of constructing, maintaining, or improving airport facilities, may acquire by
20 purchase, gift, grant, exchange, or eminent domain land in fee simple or easements
21 that the authority considers necessary for present or future public use, either temporary
22 or permanent, including easements in airport hazards or land outside the boundaries of
23 an airport, necessary to permit the removal, elimination, and obstruction marking or
24 obstruction lighting of airport hazards or to prevent the establishment of airport
25 hazards. By the same means, the authority may obtain material, including clay,
26 gravel, sand, or rock, or the land necessary to obtain the material. The authority may
27 acquire the land or material notwithstanding the fact that title to the land or material is
28 vested in the state or a department, agency, commission, or institution of the state.

29 **Sec. 02.45.130. Authority to acquire property for the purpose of**
30 **exchange.** When the authority declares that it is in the best public interest of the state
31 to do so, the authority may acquire by purchase, gift, grant, exchange, or eminent

1 domain privately or publicly owned land or an interest in land for the purpose of
 2 exchanging the land or interest in land for privately or publicly owned land or an
 3 interest in land that the authority is authorized by law to acquire.

4 **Sec. 02.45.140. Eminent domain.** (a) The authority may exercise the power
 5 of eminent domain under AS 09.55.240 - 09.55.460 to acquire land for airport
 6 purposes consistent with this chapter. Notwithstanding AS 09.55.250, the authority
 7 may acquire a fee simple title whenever, in the judgment of the authority, ownership
 8 of a fee simple title is necessary to carry out the purposes of this chapter.

9 (b) The authority may file a declaration of taking in the manner provided for
 10 the state under AS 09.55.420.

11 (c) The exercise of the power of eminent domain by the authority requires the
 12 prior approval of the governor.

13 **Sec. 02.45.150. Indemnification.** (a) If the person acted in good faith on
 14 behalf of the authority and within the scope of the person's official duties or powers,
 15 the authority may defend and indemnify a current or former member of the board,
 16 employee, or agent of the authority against all costs, expenses, judgments, and
 17 liabilities, including attorney fees, incurred by or imposed upon that person in
 18 connection with a civil or criminal action in which the person is involved by affiliation
 19 with the authority.

20 (b) The authority may purchase insurance to protect and hold personally
 21 harmless its employees, agents, and board members from an action, claim, or
 22 proceeding arising out of the performance, purported performance, or failure of
 23 performance, in good faith, of duties for, or employment with, the authority and to
 24 hold them harmless from expenses connected with the defense, settlement, or
 25 monetary judgments from that action, claim, or proceeding. The purchase of
 26 insurance is discretionary with the board, and insurance is not considered to be
 27 compensation to the insured person.

28 **Sec. 02.45.160. Insurance.** Except as provided in AS 02.45.150(b), the
 29 authority shall protect its assets, services, and employees by purchasing insurance or
 30 providing for certain self-insurance retentions. The authority shall also maintain
 31 casualty, property, and other insurance in amounts reasonably calculated to cover

1 potential claims against the authority or state for bodily injury, death, or disability and
 2 property damage that may arise from or be related to authority operations and
 3 activities.

4 **Sec. 02.45.170. Fidelity bond.** The authority shall obtain a fidelity bond in an
 5 amount determined by the board for board members and each executive officer
 6 responsible for accounts and finances. A bond must be in effect during the entire
 7 tenure in office of the bonded person.

8 **Article 3. Airport Facilities.**

9 **Sec. 02.45.200. Operation and use privileges.** (a) The authority may enter
 10 into contracts, leases, and other arrangements covering periods not exceeding 55 years
 11 with a person, a municipality, or the United States, granting the privilege of using or
 12 improving an airport or air navigation facility, a portion of an airport or air navigation
 13 facility, or space in an airport or air navigation facility for commercial, governmental,
 14 or other public purposes, including private plane tie down, or conferring the privilege
 15 of supplying goods, commodities, services, or facilities at an airport or air navigation
 16 facility. The authority may establish the terms and conditions and fix the charges,
 17 rentals, and fees for the privileges or services that are reasonable and uniform for the
 18 same class of privilege or service. Charges, rentals, or fees authorized by this
 19 subsection may be fixed by order of the board or by negotiated or competitively
 20 offered contract. The fixing of charges, rentals, or fees as permitted under this
 21 subsection is not subject to AS 37.10.050(a). The terms, conditions, charges, rentals,
 22 and fees shall be established with due regard to the property and improvements used
 23 and the expense of operation to the state. However, use of state land and buildings by
 24 the Alaska Wing-Civil Air Patrol and its squadrons shall be permitted without rental
 25 charges. The authority shall provide for public notice and an opportunity to comment
 26 before a charge, rental, or fee is fixed by order of the board as permitted under this
 27 subsection. The public may not be deprived of its rightful, equal, and uniform use of
 28 the airport, air navigation facility, or a portion of the airport or air navigation facility.

29 (b) If the authority permits space in an airport to be used as lounges for
 30 members of the United States armed forces, the Alaska National Guard, the Alaska
 31 Naval Militia, or the Alaska State Defense Force and if the lounges are operated by

1 persons exempt from taxation under 26 U.S.C. 501(c)(3) (Internal Revenue Code), the
2 authority may not charge rent for the use of the space.

3 (c) The authority may, by contract or other arrangement, upon a consideration
4 fixed by the board, grant to a qualified municipality or person for a reasonable period
5 of time the privilege of operating, as agent of the state or otherwise, an airport owned
6 or controlled by the authority. A municipality or person granted that privilege may not
7 operate the airport other than as a public airport or enter into a contract, lease, or other
8 arrangement in connection with the operation that the authority may not have
9 undertaken under (a), (b), or (d) - (f) of this section.

10 (d) Notwithstanding the right of the public to rightful, equal, and uniform use
11 under (a) of this section, before the expiration of a land lease, including the
12 termination of a lease in holdover status, entered into under this section, the lessee
13 may apply for a new lease, or for an extended term under the existing lease, for the
14 same land. The board shall approve the application for a new land lease or an
15 extended term under this section without offering the land to other persons for leasing
16 if

17 (1) the lessee is in compliance with the terms and conditions of the
18 existing or holdover lease; and

19 (2) the continued use of the leasehold is consistent with written airport
20 operation policies and is in the state's best interest.

21 (e) A land lessee owns title to the permanent improvements that the lessee
22 constructed or purchased during the term of the lease, unless the lease expressly
23 provides that the state is the owner of the permanent improvements.

24 (f) At the expiration, termination, or cancellation of a land lease entered into
25 under this section,

26 (1) a lessee who owns the improvements under (e) of this section shall
27 continue to own the permanent improvements that the lessee constructed or purchased
28 on a leasehold if the lessee is granted, under (d) of this section, a new lease or an
29 extended term for the same land;

30 (2) a lessee may sell the permanent improvements owned by the lessee
31 to a succeeding lessee of the same land;

1 (3) at the option of the lessee, the permanent improvements owned by
 2 the lessee may be sold by the state at public auction with the proceeds from the sale of
 3 the improvements going to the lessee, less administrative costs of the auction and
 4 obligations owed under the lease to the state; the successful bidder has the same right
 5 to enter into a new lease under (d) of this section without the authority offering the
 6 land to other persons for leasing;

7 (4) after notice by the authority, the permanent improvements owned
 8 by the lessee shall be removed at the lessee's sole expense if

9 (A) the permanent improvements do not comply with written
 10 airport operational policies or are not in the state's best interest;

11 (B) the permanent improvements are not sold under (2) or (3)
 12 of this subsection; or

13 (C) the authority makes written findings that the permanent
 14 improvements are a hazard to the public health and safety;

15 (5) title to the permanent improvements vests in the authority if the
 16 authority purchases or otherwise contracts for the ownership of the permanent
 17 improvements or if the lessee abandons the permanent improvements.

18 **Sec. 02.45.210. Sale and delivery of in-bond merchandise.** (a) The
 19 authority shall allow the sale and delivery of in-bond merchandise at an airport only
 20 by an exclusive contract.

21 (b) If an exclusive contract for the sale and delivery of in-bond merchandise at
 22 an airport exists on the effective date of this section, the authority may not permit or
 23 confer a right on another person to offer to sell, sell, or deliver in-bond merchandise at
 24 that airport except as provided in (c) of this section.

25 (c) After exclusive contracts described in (b) of this section expire, the
 26 authority shall enter into one exclusive contract and, on its expiration, additional
 27 successive exclusive contracts for the sale and delivery of in-bond merchandise at
 28 each international airport operated by the authority. Except under the existing and
 29 future exclusive contracts described in this section, the authority may not permit or
 30 confer a right upon a person to offer to sell, sell, or deliver in-bond merchandise at an
 31 airport.

1 (d) The authority shall offer the exclusive contracts required by this section by
2 competitive bid and shall award the contracts after considering the generation of
3 maximum revenue for the international airports revenue fund under AS 37.15.430.

4 (e) The authority shall actively supervise the operations under each exclusive
5 contract for the sale and delivery of in-bond merchandise in order to ensure the
6 effectiveness of the operations. To supervise contract operations under this section,
7 the authority shall adopt rules that provide for review of the reasonableness of price
8 schedules, quality, and assortment of merchandise, and customer service.

9 (f) This section does not apply to deliveries of in-bond merchandise as cargo
10 to airlines. In this subsection, "cargo" means goods carried by an airline under an
11 agreement between the shipper and the airline, other than a passenger ticket, that are
12 accepted, carried, and handled separately from passenger baggage and that are
13 delivered to a location other than a baggage claim area; "cargo" does not include
14 goods carried by an airline as baggage, whether belly-loaded or hand-carried and
15 whether accompanied or unaccompanied by a passenger.

16 **Sec. 02.45.220. Police powers vested.** The officers and employees of the
17 authority whom the board may designate have general police powers in aid of the
18 enforcement of this chapter and of the powers exercised by the authority under
19 AS 02.15 and AS 02.25. The persons designated under this section shall meet the
20 minimum standards for police officers adopted under AS 18.65.130 - 18.65.290.

21 **Sec. 02.45.230. Regulation of ground transportation at airports.**
22 Notwithstanding the provisions of AS 02.45.200, the authority may not exclude taxis,
23 buses, or limousines that carry passengers for hire or courtesy cars from the highways,
24 parking facilities, or other portions of an airport designated for operation or parking of
25 ground transportation vehicles. The authority may regulate by rule the operations of
26 taxis, buses, limousines, and courtesy cars as necessary to promote efficient operation
27 of an airport. In this section, "courtesy car" means a motor vehicle owned or operated
28 by a hotel, motel, or other place of public accommodation for the transportation of its
29 guests to and from the airport at the request of the guest and for which no service
30 charge is made to the guest.

31 **Sec. 02.45.240. Liens.** The authority may enforce the payment of charges for

1 repairs, improvements, storage, or care of personal property made or furnished by the
 2 authority or its agents in connection with the operation of an airport or air navigation
 3 facility owned or operated by the authority. The authority has those lien rights
 4 generally allowed by law to secure payment for those services.

5 **Sec. 02.45.250. Airport advisory committees.** (a) The board shall establish
 6 an advisory committee for each airport and shall prescribe by rule the powers, duties,
 7 and procedures of each committee. An advisory committee serves only as an advisor
 8 and may not exercise or be delegated a substantive power conferred on the board by
 9 law. An advisory committee may take action by a majority vote of its members.

10 (b) The advisory committee for the Ted Stevens Anchorage International
 11 Airport consists of the two members of the board from the Municipality of Anchorage
 12 who are appointed under AS 02.45.020(a)(1) and one other member of the board
 13 chosen by the chair of the board. The advisory committee shall act as an advisor to
 14 the manager of the Ted Stevens Anchorage International Airport.

15 (c) The advisory committee for the Fairbanks International Airport consists of
 16 the two members of the board from the Fairbanks North Star Borough who are
 17 appointed under AS 02.45.020(a)(2) and one other member of the board chosen by the
 18 chair of the board. The advisory committee shall act as an advisor to the manager of
 19 the Fairbanks International Airport.

20 (d) The advisory committee for the Cold Bay Airport consists of the member
 21 of the board from the Aleutians East Borough who is appointed under
 22 AS 02.45.020(a)(3) and two other members of the board chosen by the chair of the
 23 board. The advisory committee shall act as an advisor to the manager of the Cold Bay
 24 Airport.

25 **Article 4. Fiscal Procedures.**

26 **Sec. 02.45.300. Authority program and financial plan.** (a) The authority
 27 shall assure the development of a system of results-based operation designed to
 28 increase efficiency and effectiveness of programs and services of the authority.
 29 Toward that end, the authority shall, on a semi-annual basis, identify results-based
 30 measures that have been used to work toward achievement of the mission statement
 31 and desired results issued by the legislature and of other goals of the authority, and set

1 out the results as measured. The authority shall also prepare information that shall be
2 compiled and submitted on December 15 each year to the office of management and
3 budget, the legislature, and the legislative finance division; this information must

4 (1) identify the mission of the authority and desired results established
5 by the legislature;

6 (2) identify the goals and objectives the authority will use to achieve
7 the legislature's mission and desired results;

8 (3) set out the results of any user-group surveys and, if the results do
9 not agree with the mission and desired results, goals, and objectives, explain why;

10 (4) include written, defined methods of measuring results that apply to
11 the responsibilities, products, and services of the authority;

12 (5) identify results-based measures that have been used to work toward
13 achievement of the mission statement and desired results issued by the legislature and
14 other goals of the authority, and set out the results as measured;

15 (6) identify surveys or other methods of gathering user-group opinions
16 that have been used by the authority to identify ways to improve its programs;

17 (7) identify methods of measuring performance when the mission
18 statement and desired results issued by the legislature involve more than one authority
19 and make recommendations to eliminate duplication of government functions and
20 waste;

21 (8) identify ways in which the authority has involved its employees in
22 the development of methods of measuring results, including opportunities for
23 employee representatives to participate in committees established to develop methods
24 of measuring results;

25 (9) include the budget requested to carry out the authority's proposed
26 plans in the succeeding fiscal year, including information reflecting the expenditures
27 during the last fiscal year, the expenditures authorized for the current fiscal year, the
28 expenditures proposed for the succeeding fiscal year, an explanation of the services to
29 be provided, the total number of positions for all persons employed or under contract
30 by the agency for personal services, including those rendered for capital improvement
