ANALYSIS: (Attach a separate page if necessary)

Risk Management does not provide insurance protection or funding for OSHA violations and therefore has no fiscal impact for this proposed increase in penalty amount owed for OSHA violations that cause or contribute to the death of an employee.

Any penalty would be directly assessed against and paid by the involved agency.

Risk Management would continue to compensate the employee and their family all remedies owed under the Alaska Workers' Compensation Act (AWCA). This proposed increase in penalty would not effect death benefits or any other remedy owed under AWCA.
