Currently, the department is charged, by state statute, to administer the state's Gifted Education program. This legislation clarifies the state's responsibilities relating to the Gifted Education program. Although the legislation does not add new responsibilities, the department has not had the resources to meet the requirements. Federal special education funds cannot be used for this purpose. The department has requested an increment of \$177,700 in general funds in the FY2002 budget for the Division of Teaching and Learning Support, Special and Supplemental Services Component to cover the costs for administering this program.
