ANALYSIS: (Attach a separate page if necessary)

The impact of adoption of HB 216 on the department is difficult to quantify. It is unknown how many requests to supersede regulations or management plans may come to the commissioner, how complicated the issues involved might be, and how many of the requests might be approved or denied. The Commissioner's Office, the Division of Commercial Fisheries, the Division of Sport Fish, and the Boards Support Section may all have additional demands placed upon them to properly evaluate requests and build a record for defending actions taken.
