Department of Revenue Bill Analysis

HB 228 – Tobacco Enforcement - April 13, 2001 - FN#1

The Department of Revenue supports HB 228, which would increase the penalties for selling cigarettes to individuals under the age of 19 and give the Department of Revenue new tools to enforce the nationwide Master Settlement Agreement (MSA) signed by the major cigarette producers and states.

Under the provisions of the MSA, entered into and subsequently adopted by the State of Alaska under AS 45.53, cigarette manufacturers that did not sign the MSA (nonparticipating manufacturers) must establish and fund escrow accounts for the benefit of the State of Alaska. If the state fails to enforce this provision of the MSA, the state can be sued by manufacturers that signed the MSA (participating manufacturers) and could potentially lose some or all of its payments under the agreement.

Alaska expects to receive approximately \$28 million each year from the MSA, provided the payments are not reduced for failing to enforce the provisions of the agreement.

The following sections of HB 228 would enhance the Department of Revenue's ability to protect the state's revenue from the MSA:

Section 3. Disclosure of information for compliance with the tobacco product Master Settlement Agreement.

The Department of Revenue is responsible for determining the amount of escrow payments that must be made by each nonparticipating manufacturer each year. The information used to determine the amount of the escrow payments comes from cigarette tax and tobacco product tax returns filed with the Department of Revenue. The Department of Law is responsible for suing those nonparticipating manufacturers that fail to make escrow payments. Although the Department of Revenue may provide information to the Department of Law at the time an official investigation begins, it is precluded from sharing this information with other states and entities that may aid the Department of Revenue in enforcing the MSA. We believe this section of the bill is needed to allow for increased sharing of information with the Department of Law and other entities, such as the National Association of Attorneys General and the Federation of Tax Administrators. Both of these agencies are heavily involved with aiding states in enforcing the provisions of the MSA.

Section 4. Notification of noncompliance; confiscation of noncomplying cigarettes.

The MSA was recognized and adopted by the State of Alaska effective June 3, 1999. For the period June 3, 1999, through December 31, 1999, the Department of Revenue identified 23 nonparticipating manufacturers that sold cigarettes into Alaska. Of these 23 nonparticipating manufacturers, only three have established and funded escrow accounts as required in AS 45.53. Section 4 of this bill would prohibit the state's cigarette and tobacco products licensees from importing and selling cigarettes made by nonparticipating manufacturers that have failed to comply with AS 45.53. This provision is needed to aid in the enforcement of the MSA and protect Alaska's current and future payments under the MSA.
