POSITIONS

Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

The bill creates the Building Safety Account in the state treasury, and designates certain fees collected by the Department of Labor and Workforce Development to be deposited into the fund. These fees include fees collected for boiler inspections, elevator inspections, and electrical and plumbing worker certificates of fitness. The Mechanical Inspection program within the Division of Labor Standards and Safety has collected program receipts in excess of appropriated authority for a number of years, while at the same time funding part of the program with general funds. Creating the Building Safety Account would consolidate collections into a single account and allow replacement of an equal amount of program receipt and general fund authorization.
