Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill establishes that the Alaska constitutional right to privacy does not create a right to receive public money, a public benefit, or a public service.

Passage of this legislation is expected to generate substantial litigation. However, we have no way of predicting when such litigation may occur, or what resources might be needed to defend the law. The department cannot assign a fiscal impact to potential constitutional challenges due to their unpredictability and speculative nature.
