**ANALYSIS:** (Attach a separate page if necessary)

This bill would make it a C felony for someone to provide alcohol to a person under the age of 21 and the person who receives the alcohol injures or causes the death of another person while under the influence of the provided alcohol.

This bill could have a significant impact on the Department of Corrections as it is currently written. Injury is a very broad term and could be interpreted to mean someone who has been punched in the nose. We have no way of knowing how broadly it would be interpreted or how difficult it would be to prosecute, nor do we know how often an injury is involved in these cases. We do know it occurs. Anytime misdemeanants are elevated to felons, not only are sentences likely to increase, but probation also becomes a requirement and an additional fiscal impact.
