FISCAL NOTE

STATE OF ALASKA
2002 LEGISLATIVE SESSION

BILL NO. HB 498 - FN#1

ANALYSIS CONTINUATION

This legislation authorizes the Department of Corrections to enter into an agreement with the City of Whittier for the purposes of acquiring correctional facility space and services for state prisoners.

The agreement would be for a minimum of 25 years and provide at least 1,200 prison beds. The lease must provide for an agreement between the City of Whittier and one or more private, third-party contractors to construct and operate the facility. The legislation provides no requirement that tax-exempt financing be used for the facility, no maximum lease term, no maximum annual lease payment amount, and no maximum project size in either dollars or number of prisoners to be housed at the facility.

Although there is no specific provision in this legislation for the State Bond Committee to participate in structuring the financing, the Department of Revenue anticipates working with the City of Whittier to obtain the most favorable financing terms for the state -- as the state's lease payments will be security for any bonds sold. The state's credit must be represented, as the pledge that will be given to bond investors is that the state will be making annual payments under the agreement entered into by the Department of Corrections. This "credit trail" quickly leads investors to the fact that the likelihood of repayment or credit risk involved with this transaction hinges on the appropriation of state general fund dollars. The foundation upon which the state has built its good credit rating has been the centralized control of the state's credit through the State Bond Committee, and the Bond Committee's involvement in this issuance is important to maintaining that credit strength. This position is further strengthened by the fact that the City of Whittier has no bonds currently outstanding, and has limited local resources available to develop this complex transaction.

The State Bond Committee, and contractors of the Bond Committee, would work with the City of Whittier to structure and market the transaction. The anticipated travel costs in the fiscal note would be paid from the state general fund, with the additional \$50,000 to \$80,000 in contractual costs to be paid from bond proceeds of the transaction.
