ANALYSIS: (Attach a separate page if necessary)

This act would require the department to hold at least one public hearing prior to making a finding regarding if an application for a natural gas project ensures employment of Alaskans and the use of Alaskan firms in the construction and operation of the project. The department proposes to hold public hearings in Anchorage, Fairbanks and Juneau as well as a statewide teleconference. Costs associated with this bill include travel to attend the hearings, the costs to advertise and hold the hearings and costs to obtain legal advise regarding the finding.
