**ANALYSIS:** (Attach a separate page if necessary)

This bill is intended solely to clarify that the military is not required to obtain a permit under AS 46.03.100 to fire or otherwise use munitions in training activities conducted on active ranges. This bill does not affect any authority that the state may have under other federal or state laws to require the cleanup or remediation of contamination or unexploded ordnance at a military range, whether active or closed, under AS 46.03.100, or to require a disposal permit, such as a closure plan, once a range is no longer in active use. Therefore there is no fiscal impact to the department.
