ANALYSIS: (Attach a separate page if necessary)

A part-time administrative clerk III position is needed in order to gather and report the health benefit plan market share information required under Sec. 23.50.020 (e)(6), page 4, lines 12&13. This position would be responsible for developing and sending out surveys, requesting data from over 18,000 employers in the state and for performing reasonableness checks on the data submitted, entering the data into a spreadsheet, and developing the required market share reports. Since the Division of Insurance does not have regulatory authority over health benefit plans (employers), it is anticipated that employers will be reluctant to respond to the survey (about 30% response rate). Therefore, a significant amount of this employee's time is anticipated to be spent following up with employers who do not respond to the survey.
