ANALYSIS: *(Attach a separate page if necessary)*

The Division of Medical Assistance assumes this bill will not impact the Medicaid and CAMA programs as the definition of health benefit plan in AS 21.54.500 does not include these public programs. Federal rules require Medicaid compensation to be sufficient to enlist enough providers so that services under the plan are available to the same extent as to the general public, however reimbursement rates for all services are also driven by appropriations. The Department of Health and Social Services supports exclusion of public programs from the physician negotiations provisions of this legislation.
