ANALYSIS: (Attach a separate page if necessary)

This bill amends the banking code to conform with federal law changes in the Gramm-Leach-Bliley Act (GLBA) to provide for Financial Holding Companies and increased ability of banks to provide related financial services. The bill also includes industry-requested changes such as publishing information electronically. Also, the bill allows the department to react faster to federal law changes and industry requests to maintain parity and competition between national and state-chartered depository institutions. No negative fiscal impact of this bill is expected.
