ANALYSIS: (Attach a separate page if necessary)

This legislation directs the commissioner of Revenue to report to the governor and the legislature no later than Jan. 31, 2002, on the "options for the state to participate in the commercial development of the state's natural gas resources through ownership of or provision of financing for a gas pipeline project." The legislation sets out a comprehensive list of questions to be answered in the report and directs the commissioner to contract with suitable, qualified firms to perform the work.

The commissioner's office would contract with an investment banking firm for its expertise in the financing issues covered by the legislation. The expected cost of the contract is \$200.0, with \$15.0 requested for commissioner's office travel to meet with the contractor and others involved in the report.
