ANALYSIS: *(Attach a separate page if necessary)*

This legislation would increase the penalty for intentionally damaging an oil or gas pipeline or supporting facility from a class B to class A felony. It would also add a higher degree to the crime of Terroristic Threatening (from class C to class B felony) for sending, delivering or attempting or soliciting to send or deliver an envelope, package or item containing an imitation biological or chemical substance with the intent to place a person in fear of physical injury or cause evacuation or serious public inconvenience. The Public Defender Agency believes this bill will have minimal fiscal impact on the Agency.
