### MESSAGES FROM THE GOVERNOR

#### **EO 102**

#### EXECUTIVE ORDER NO. 102:

Transferring the office of long term care ombudsman from the Alaska Commission on Aging in the Department of Administration to the Alaska Mental Health Trust Authority in the Department of Revenue.

was referred to the Health, Education & Social Services and Finance Committees.

The following fiscal note(s) apply:

1. Fiscal, Dept. of Administration
2. Fiscal, Dept. of Revenue

The Governor's transmittal letter dated January 8, 2001, appears below:

"Dear Speaker Porter:

The long term care ombudsman serves an important protection and advocacy function for Alaska's seniors, their families and friends by investigating possible violations of a resident's rights and safety in a long-term care setting, such as a nursing home or assisted living facility. The placement of the office under the Department of Administration, which administers the very programs the ombudsman investigates, can carry the appearance of a conflict of interest. While I believe the office and the Administration have the integrity to

overcome any practical conflict, I am introducing this Executive Order to transfer the ombudsman office out of the Department of Administration to avoid any future inference of conflict.

This Executive Order transfers the office of the long term care ombudsman from the Alaska Commission on Aging in the Department of Administration to the Alaska Mental Health Trust Authority (AMHTA) in the Department of Revenue.

The federal Older Americans Act requires states to provide a long term care ombudsman function as a condition of receiving other federal money for nutrition, transportation, and support services for seniors. The state unit on aging may contract out this function to another entity, as this Executive Order proposes.

The Alaska Commission on Aging requested this action and advised the ombudsman be located in an agency that has no direct involvement with long term care services. While the AMHTA does not actually administer long term care programs, approximately 70 percent of the recipients of long term care in Alaska are also beneficiaries of the AMHTA. Moreover, AMHTA's duties include providing redress and administrative adjudication procedures for its beneficiaries, placing it on similar ground to the work of the long term care ombudsman.

In the interest of continuing a strong system of quality long term care services for Alaskans, I urge your support of this Executive Order.

Sincerely,  
/s/  
Tony Knowles  
Governor"

A message dated January 4, 2001, was read stating under the provisions of article III, section 18 of the Alaska Constitution, the Governor requests the opportunity to addresss a joint session of the Twenty-second Alaska State Legislature on Wednesday, January 10, 2001, at 7:00 p.m. for presentation of a combined State of the State and State of the Budget Address.

The following fiscal note(s) apply:

1. Zero, Dept. of Natural Resources

The Governor's transmittal letter dated January 8, 2001, appears below:

"Dear Speaker Porter:

Alaska must ensure that our fiscal regime is an incentive to the commercialization of our natural gas, not an impediment. To provide the State with the appropriate tools to achieve this goal I am transmitting this bill to amend the Alaska Stranded Gas Development Act to allow any potentially successful natural gas project to take advantage of the provisions of that Act.

The Alaska Stranded Gas Development Act (Act) allows the commissioner of the Department of Revenue to negotiate a contract for payments in lieu of taxes for a certain type of project that will develop the enormous natural gas resources of Alaska's North Slope.

The potential benefits of the current program are limited to liquefied natural gas (LNG) projects. Developments in the international natural gas marketplace -- particularly the recent energy price increases in

North America -- suggest that other projects may be viable in advance of the type of LNG project the Act was initially designed to support. This bill would expand the scope of the Act to cover other forms of gas development, such as a natural gas pipeline through Canada along the Alaska Highway or an in-state gas-to-liquids facility.

Although this Act, with the amendments I propose, grants certain authorities to executive agencies, any proposed changes to tax policy would require legislative ratification.

The only other change proposed by this bill is to extend the application deadline for this program for a limited time.

I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Tony Knowles  
Governor"
