## ALASKA STATE LEGISLATURE

### TWENTY-SECOND LEGISLATURE -- FIRST SESSION

Juneau, Alaska

Friday

March 9, 2001

#### Sixty-first Day

Pursuant to adjournment the House was called to order by Speaker Porter at 10:08 a.m.

Roll call showed 36 members present. Representatives Davies and Masek had been previously excused from a call of the House today. Representative Green was excused from a call of the House today due to illness.

Representative James moved and asked unanimous consent that Representative Kerttula be excused from a call of the House from 9:45 a.m. to 11:00 a.m. today. There being no objection, it was so ordered. Representative Kerttula's presence was noted later.

The invocation was offered by Father Michael Nash of the Cathedral of the Nativity. Representative Kott moved and asked unanimous consent that the invocation be spread on the journal. There being no objection, it appears below:

Good and Loving God, in Your wisdom You created in human persons a need to live together. From the first democratic experiments in the ancient Greek city of Athens up until the present, Your people have found that democracy, though imperfect, has proven to be the best form of government. In these chambers, may the voices of all Alaskans, rich and poor, articulate and inarticulate, be heard and respected. Grant wisdom to the women and men of this body as they endeavor to balance the liberty of the individual against the needs of society. May their leadership encourage all Alaskans to stand in solidarity one with another; all the while looking after those with real needs. We pray You gracious God. Amen.

The Pledge of Allegiance was led by Representative Halcro.

### **CERTIFICATION OF THE JOURNAL**

Representative James moved and asked unanimous consent that the journal for the 59th and 60th legislative days be approved as certified by the Chief Clerk. There being no objection, it was so ordered.

was read the first time and referred to the Transportation and Finance Committees.

The following fiscal note(s) apply:

1. Fiscal, Dept. of Revenue

The Governor's transmittal letter dated February 27, 2001, appears below:

"Dear Speaker Porter:

Today I am transmitting a bill that authorizes the issuance of revenue obligations to finance the accelerated construction of \$425 million in transportation projects throughout the state.

The projects outlined in this bill represent one of the three parts of a comprehensive transportation plan. In addition to the \$425 million in projects within this legislation, the regular statewide transportation improvement program (STIP) targets \$1.2 billion for projects over the next three years. We are also working with our congressional delegation to secure additional federal transportation funding for large projects throughout our state.

Alaska's allocation of federal highway funds has increased in recent years. Despite an aggressive six-year transportation plan that addresses continued improvements to state highways, marine transportation, and local roads and trails, many important transportation needs remain unmet. We must do all we can, as soon as we can, to keep up with those critical needs. Now, thanks to Grant Anticipation Revenue Vehicles (GARVEEs), an innovative federal program that many states are using, we have an opportunity to build our statewide transportation infrastructure sooner than would be possible under the conventional program alone.

The projects to be financed with GARVEEs all qualify for federal highway aid. Because of this qualification, future federal highway aid can be used to pay the principal and interest on the obligations. It is also possible to use interest earnings to satisfy federal requirements for state general fund match money. This method of financing allows construction of these vital projects now rather than waiting years for future federal highway aid. Using this financing approach can also save money by avoiding inflationary costs that would accrue to each project if left for future construction.

The projects included in the bill serve the entire state, from Southeast Alaska to the North Slope. They address pressing transportation needs that may not be funded under our regular federal program for 10 years or longer. Revenue obligation payments would be annually appropriated by the Legislature from federal money received as an apportionment of federal highway grants.

Timing is crucial to take full advantage of this accelerated financing opportunity and the economic benefits of these construction projects. Because of the need for efficiency and speed, I am proposing to finance these projects through revenue obligations, unlike the general obligation approach I offered last year when I introduced a similar plan to the Legislature.

I urge your prompt and favorable action on this innovative approach to accelerate the construction of important transportation projects.

Sincerely,  
/s/  
Tony Knowles  
Governor"

**HB 169**

HOUSE BILL NO. 169 by the House Rules Committee by request of the Governor, entitled:

"An Act relating to the financing of construction and major maintenance of public school facilities; authorizing the commissioner of revenue to sell the right to receive a portion of the anticipated revenue from a certain tobacco litigation settlement

to the Northern Tobacco Securitization Corporation; relating to the deposit of certain anticipated revenue from a certain tobacco litigation settlement; authorizing the issuance of bonds by the Northern Tobacco Securitization Corporation with proceeds to finance public school construction and major maintenance; and providing for an effective date."

was read the first time and referred to the Health, Education & Social Services and Finance Committees.

The following fiscal note(s) apply:

1. Fiscal, Dept. of Revenue
2. Fiscal, Dept. of Revenue

The Governor's transmittal letter dated February 28, 2001, appears below:

"Dear Speaker Porter:

With declining general fund capital budgets, the backlog of needed school construction and major maintenance projects across our state has continued to grow. Last year we addressed a few of these needs recognizing it was just the beginning of a several-year plan. This bill I am transmitting today is the next phase in our effort to provide adequate, safe and well-maintained schools in which our children can learn. This legislation proposes a bond package addressing some \$127 million in statewide school construction and major maintenance to cover the highest priorities on the current statewide list. It is the intent of this legislation that the entire list totaling some \$547 million in school construction and maintenance needs be addressed within five years.

This bill provides for the sale of a portion of the revenues from the settlement of the state's tobacco litigation, to the Northern Tobacco Securitization Corporation, a subsidiary corporation of the Alaska Housing Finance Corporation created under AS 18.56.086. Similar to the program the Legislature approved last year, the bill authorizes the corporation to issue revenue bonds secured by the litigation revenues

to finance state grants for the specified school construction and major maintenance projects.

Those projects are comprised of some \$69 million for the first four school construction projects on the statewide priority list: Togiak, Golovin, Koyuk, and Tuluksak schools; and \$58 million for the top 46 major maintenance projects on the list.

We know we have needs beyond those included in this bill. However, this proposal addresses a significant portion of our existing need and provides adequate space and safe learning environments for Alaska's children. I urge your prompt and favorable action.

Sincerely,  
/s/  
Tony Knowles  
Governor"

**HB 170**

HOUSE BILL NO. 170 by Representative Masek, entitled:
