	“APPROPRIATION ITEMS	GENERAL FUNDS	OTHER FUNDS
ALLOCATIONS			
“Branch-wide Unallocated Reductions	-28,000,000	-28,000,000	
Branch-wide Unallocated reductions”	-28,000,000		

Explanation: This increases the \$2 million cut to the Office of the Governor, branch-wide unallocated reduction to a \$28 million cut. When assigning unallocated cuts it is the intent of the legislature to ask departments to reduce the size of their budget through reductions to middle level management, travel, and to generally reduce “bloat” in state government.
