Delete: "16,419,000"

Insert: "17,644,000"

Explanation: Using funds from the Alcohol and Other Drug Abuse Treatment and Prevention Fund, this would add outpatient contract treatment for inmate reentry into their home community under Corrections community supervision. 52.5% of all state prisoners were under the influence of alcohol or drugs at the time of their offense (Bureau of Justice, 1997).
