

**McGuire – Anderson Amendment to CS for HB 106(JUD)**

#5

**Page 2, lines 5 – 8 – Delete the entire subsection (a) and replace with it with the following:**

(a) A local exchange carrier may petition the commission for a determination that one or more of its markets is a competitive service area. The commission shall, within 90 days, grant or reject the petition according to the standard set forth in this section. If the commission fails to act within 90 days after the submission of such a petition, the petition shall be deemed granted. A certification exempts the telecommunications utility from retail tariff filing requirements.
