This amendment would increase the yearly amount of prescription drug coverage by \$400 to those at 135% of federal poverty; and by \$500 to those between 135%-150% of federal poverty level.

If a senior Alaska opted for monthly cash payments, they would receive the same benefit provided in the bill which equates to \$120/month for a maximum total of \$1,440.00 in a yearly basis.
