3 contractors, home inspectors, and associate home inspectors; relating to home inspection  
4 requirements for residential loans purchased or approved by the Alaska Housing  
5 Finance Corporation; relating to civil actions by and against home inspectors and to  
6 civil actions arising from residential unit inspections; and providing for an effective  
7 date."

8 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

9 \* **Section 1.** AS 08.01.010(12) is amended to read:

10 (12) regulation of construction contractors and home inspectors under  
11 AS 08.18;

12 \* **Sec. 2.** AS 08.01.065(c) is amended to read:

13 (c) Except as provided in (f) - (i) [(f) - (h)] of this section, the department shall

1 establish fee levels under (a) of this section so that the total amount of fees collected  
 2 for an occupation approximately equals the actual regulatory costs for the occupation.  
 3 The department shall annually review each fee level to determine whether the  
 4 regulatory costs of each occupation are approximately equal to fee collections related  
 5 to that occupation. If the review indicates that an occupation's fee collections and  
 6 regulatory costs are not approximately equal, the department shall calculate fee  
 7 adjustments and adopt regulations under (a) of this section to implement the  
 8 adjustments. In January of each year, the department shall report on all fee levels and  
 9 revisions for the previous year under this subsection to the office of management and  
 10 budget. If a board regulates an occupation covered by this chapter, the department  
 11 shall consider the board's recommendations concerning the occupation's fee levels and  
 12 regulatory costs before revising fee schedules to comply with this subsection. In this  
 13 subsection, "regulatory costs" means costs of the department that are attributable to  
 14 regulation of an occupation plus

15 (1) all expenses of the board that regulates the occupation if the board  
 16 regulates only one occupation;

17 (2) the expenses of a board that are attributable to the occupation if the  
 18 board regulates more than one occupation.

19 \* **Sec. 3.** AS 08.01.065 is amended by adding a new subsection to read:

20 (i) Notwithstanding (c) of this section, the department shall establish fee levels  
 21 under (a) of this section so that the total amount of fees collected by the Department of  
 22 Community and Economic Development for specialty contractors, home inspectors,  
 23 and associate home inspectors approximately equals the total regulatory costs of the  
 24 department for those three registration categories. The department shall set the fee  
 25 levels for the issuance and renewal of a certificate of registration issued under  
 26 AS 08.18 so that the fee levels are the same for all three of these registration  
 27 categories and so that the fee level for a home inspector with a joint registration is not  
 28 different from the fee level for a home inspector who does not have a joint  
 29 registration. In this subsection, "joint registration" has the meaning given in  
 30 AS 08.18.171.

31 \* **Sec. 4.** AS 08.18.011 is amended to read:

1           **Sec. 08.18.011. Registration required.** (a) A person may not submit a bid or  
 2 work as a contractor until that person has been issued a certificate of registration **as a**  
 3 **contractor** by the department. A partnership or joint venture shall be considered  
 4 registered **as a contractor** if one of the general partners or venturers whose name  
 5 appears in the name under which the partnership or venture does business is registered  
 6 **as a contractor**.

7           (b) A general contractor may not use a bid or proposal from, award a bid or  
 8 proposal to, contract with, or allow a person required to be registered under this  
 9 chapter to work for the general contractor as a specialty contractor unless the person is

 13 home inspector under (d) of this section, an individual may not perform a home

 16 individual is registered as a home inspector for new homes under this chapter;

 18 individual is registered as a home inspector for existing homes under this chapter.

19           (d) Notwithstanding (c) of this section, an individual who is not registered as a  
 20 home inspector under this chapter may perform a home inspection as an associate  
 21 home inspector if the individual

 23 associate's work and the inspection is of the type that the supervising individual is  
 24 authorized to perform; and

25                   (2) is registered with the department as an associate home inspector.
