**ANALYSIS:** (Attach a separate page if necessary)

This bill expands the DNA registry to include samples from all persons who are convicted of a felony or misdemeanor sex offense. It would also include samples of persons 16 years of age or older and adjudicated as a delinquent for an act that would be a felony or misdemeanor sex offense. The bill is retroactive for crimes or delinquent acts committed prior to the effective date of the act, if the person is incarcerated for that conviction or in the custody of DH&SS for that offense on the day the sample is collected.

The Department of Law does not anticipate a fiscal impact from passage of this legislation. Any impact would likely result from increased prosecutions of the crime of refusing to submit to testing, and It is our experience that individuals seldom refuse to submit to DNA testing. We do not expect that broadening the pool of individuals who must submit will increase the incidence of refusal significantly.
