**ANALYSIS:** (Attach a separate page if necessary)

This bill expands the list of crimes, including some sexual offense misdemeanors and any felony, for which, after conviction or delinquency adjudication, a defendant or minor is required to give a DNA sample. Currently only felony crimes against a person and burglaries are listed.

The Public Defender Agency operations may be affected by this legislation. It is a class A misdemeanor to refuse to provide a sample on request. The Public Defender Agency is seldom appointed in these types of cases, but this bill expands the circumstance where a sample is required. The Agency currently handles over 3600 adult felonies a year, and an unknown number of misdemeanor sexual offense crimes. With the expansion sought in this bill, the Public Defender Agency may see an increase in appointments to cases charging a person with failure to provide a DNA sample, and an increase in its workload on the underlying case because of the additional penalty of requiring the person to give a DNA sample upon conviction or adjudication. More cases may go to trial as a result of this additional penalty. However, it is not possible to accurately predict the increase in caseload or workload. Therefore, the fiscal impact is indeterminate.
