ANALYSIS: (Attach a separate page if necessary)

HB 119 will expand eligibility for Municipal Water, Sewer and Solid Waste Matching Grants to include privately-owned water and sewer utilities that serve as a municipality's primary utility and are regulated by the Regulatory Commission of Alaska under AS 42.05. It is anticipated that only one additional water and sewer utility will qualify under the expanded eligibility. This will not affect program workload and will not have a fiscal impact on the department.
