ANALYSIS: (Attach a separate page if necessary)

The Department proposes to Amend AS 33.32.020 which governs Prison Industries, to allow the administrative costs of the program to be paid from the Correctional Industries Fund, as opposed to the General Fund. This change will involve the personnel costs of 14 Correctional Industries positions and will require that the Correctional Industries Fund produce sufficient revenue to support the administrative positions. A fund source change of \$963.2 from General Funds to the Correctional Industries Fund is being requested in the Department's FY2004 Budget Submission. A legislative change is necessary to allow Correctional Industries to pay state employee salaries with product revenues.
