ANALYSIS: (Attach a separate page if necessary)

HB 186 adds radiologic technicians as a licensed occupation regulated by the Division of Occupational Licensing. Any time a new profession is added to the occupational licensing statutes, new legal services may be required. For example, Department of Law assistance may be required in hearings resulting from the denial of a license or from license discipline. However, the amount of legal work that is likely to arise from the addition of this profession is not expected to be significant enough to cause a fiscal impact to the Department of Law.
