**ANALYSIS:** (Attach a separate page if necessary)

This legislation allows taxpayers to take a credit against their Alaska corporate income taxes of up to \$10,000 per year for cash contributions to a Regional Development Organization.

This legislation would not significantly reduce state revenues, in that any tax credits claimed under this new program would have to fall within the existing statutory \$150,000 limit on corporate income tax credits per year per taxpayer. It is possible, however, that a taxpayer could choose to contribute to this program and therefore reduce its contribution under an existing tax credit program to stay within the limit.

The Tax Division does not expect any significant increase in its operational expenses from the new tax credit in this legislation.
