Temporary						

ANALYSIS: (Attach a separate page if necessary)

Section 1 amends AS 16.35 by adding a new section that makes it illegal to transport, possess, import, export, or release into the water of the state live non-indigenous fish or live fertilized eggs of non-indigenous fish, unless the person holds a permit issued by the commissioner or the commissioner's designee to transport, possess, import, export, or release the fish or live eggs. This section does not apply to catch and release situations or ornamental fish. It does, however, make it illegal to rear live ornamental fish in or release them into the water of the state or to dump ornamental fish wastewater directly into the water of the state.

The bill provides a definition of non-indigenous fish, ornamental fish, and water of the state. Violations of this statute would be a class C felony.

It is not anticipated that the provisions of this bill will have a fiscal impact on the Alaska State Troopers.
