ANALYSIS: (Attach a separate page if necessary)

This bill authorizes that the commissioner of Public Safety or a municipality may establish domestic violence fatality review teams. The purpose of the teams is to review events leading up to a domestic violence incident in order to prevent domestic violence fatalities and to provide consultation and coordination for agencies involved in the prevention and investigation of domestic violence.

This bill would also allow those participating in the teams to receive confidential and other records of a department or an agency of the state or municipality relating to a domestic violence incident. The confidentiality of those records would be maintained.

ANALYSIS CONTINUATION

Page 2

While the language of this bill empowers the commissioner of Public Safety to establish domestic violence fatality review teams, the teams themselves do not need to be actively over sighted by the Department of Public Safety (DPS).

The direct fiscal impact to DPS, therefore is expected to be very minimal. There would be some expected costs as the processes by which the teams will conduct business are established, as members of DPS attend the meetings, and as final reports from the teams are presented for archiving, but those costs could be absorbed by current resources.
