Fiscal Note Analysis for SB 58: (continued) FN #4

This legislation would make a person convicted of failing to carry mandatory motor vehicle liability insurance or proof thereof, or false information related to said liability insurance ineligible for a PFD for the qualifying year they were convicted. If it were their second or subsequent offense, the person would be ineligible for five years.

The Public Defender Agency's operations may be affected by this bill. For many indigent people, the PFD is one of their primary sources of income, and when they are convicted of a crime and owe fines, restitution, surcharges, fees, and other financial obligations including child support, their PFD is often attached and used towards those amounts due. If people convicted of failing to carry or prove vehicle liability insurance or false information related to said insurance are ineligible for a PFD for a qualifying year, and/or four more years for repeat offenders, the dividend could not be used to offset any restitution, fines, or other debts owed by that individual. If they are not able to pay restitution, fines, surcharges, or fees, whose payment is a condition of their probation or parole, and are in violation of those conditions, petitions to revoke probation or parole would be filed. This could increase the caseload and workload of the Agency, however, it is not possible to determine the extent of that impact. The Agency represents indigent persons in both parole and probation revocations, and both may increase if this bill becomes law, but it is not possible to predict the increased number. Therefore, an indeterminate fiscal note is submitted.
