ANALYSIS: (Attach a separate page if necessary)

While this legislation has the potential to result in additional incarceration of inmates, it is not possible for the Department to quantify the number of additional inmates in the first five years. We believe that the number would be small. The longer term sentences contained in SB 85 may result in the need for additional bed space in the correctional system 5-20 years in the future and beyond. Again, it is not possible for the Department to define the numbers of additional beds required in the future as this legislation may result in changes in law enforcement, judicial or offender behavior in the long run.
