ANALYSIS: (Attach a separate page if necessary)

This legislation would impose a \$10 per tire surcharge on all studded tires sold in Alaska, effective July 1, 2003. Businesses would be required to file monthly reports and remit payments to the Department of Revenue. The surcharge would be collected by the seller of the studded tire, such as tire dealers, service stations, garages, etc. Businesses would be allowed to retain 5% of the amount collected, not to exceed \$1,000 in any calendar quarter, to cover expenses in collecting and remitting the surcharge.

Based on projections from the Department of Transportation and Public Facilities, the surcharge would raise an estimated \$2 million a year -- minus the 5% commission. This is based on the assumption that about 40% of all passenger vehicles and pickup trucks in the state use studded tires on all four wheels, and that vehicle owners replace their studded tires every five years.

The operations cost includes one Tax Technician II (Range 12) to administer and collect the surcharge. The Department expects several hundred businesses statewide will be included in this new program.
