ANALYSIS: (Attach a separate page if necessary)

The number of vendors will increase since many of the tour guide operators and cruise ship companies do not currently sell licenses/tags. We will need an additional part-time employee to deal with the increase in mailings of stock to vendors, processing of revenue, and reconciliation of vendor accounts. Contractual costs are postage, printing of Pass and printing of vendor collection reports.

See Department of Fish and Game/Division of Wildlife Conservation's fiscal note for revenue projections. In addition to the contractual costs outlined above, AS16.05.390 entitles vendors to retain 5% of the fee that is charged. Retained fees the first fiscal year would be \$375.0. Net revenue would be \$7125.0.

BILL NO. SB 122 FN #1

ANALYSIS CONTINUATION

AS16.05.390 also entitles vendors to receive \$1.00 for each pass sold. Additional compensation the first year would be \$500.0. The additional compensation is reflected in the contractual costs above.

FY03 costs will be incurred for preparation of the wildlife conservation passes and the distribution to vendors.

Note: The fiscal note does include any projections of Wildlife Conservation Pass expense related to Alaska residents as under this bill regulations exempting Alaskans will be adopted to the extent allowed by law.

Big Game Tag Fee Increase:

Assumption: The number of tag sales will remain constant.

Fish and Game Fund: The increase in Caribou, Sheep, Moose and Goat big game tags will result in a revenue increase of \$206.0 the first fiscal year based on the following: 1. Sales remain same as tags sold during January through June, 2002. The following fiscal years, the revenue increase is based on a full calendar year of tag sales, \$536.7. AS16.05.390 entitles vendors to retain 5% of the fee that is charged. Retained fees for the additional revenue raised would total \$10.3. Total revenue raised would then net the first year \$195.7. The following fiscal years, net would be \$509.9.
