POSITIONS

Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

The bill requires certain home health care and respite care providers to undergo national criminal record checks as authorized by federal law. Current law requires these criminal record checks, but points to a repealed state statute. It is assumed that the care providers will continue to obtain the state and national checks, both of which are authorized by law. Therefore, no change in fee receipts or service level is anticipated for the Records and Identification Bureau.
