POSITIONS

Full-time						
Part-time						
Temporary						

ANALYSIS: (Attach a separate page if necessary)

This bill proposes that any Alaska postsecondary institution that provides residential housing for students will be required to: 1) deliver written advisories regarding meningococcal disease; and 2) collect and maintain student certification that such written notice has been provided, or, alternatively, certification that the student has been immunized for the disease.

The Commission would implement by providing due notice to Alaska institutions and including this requirement within its institutional authorization compliance review program.
