**ANALYSIS:** (Attach a separate page if necessary)

By amending the Five-Year Oil and Gas Program requirements, DNR will be able to add competitive sales to the schedule at any time instead of only once every two years (current law requires that Five-Year Program be presented to the Legislature in January of the first regular session of each legislature). These amendments will ultimately allow DNR to hold sales in the frontier areas sooner, therefore bringing the state additional revenues (bonus bids, rentals, and eventually, production royalties) in a shorter amount of time. It is impossible to accurately predict at this time what this increase in revenues might be.
