Temporary						

ANALYSIS: (Attach a separate page if necessary)

This act will establish policies related to the Department of Fish and Game (ADF&G) being able to issue permits to allow hunters, both resident and non-resident, to harvest black, brown, and grizzly bears within "intensive management" areas. ADF&G will issue bear predation management permits to those hunters who qualify. Nonresident or nonresident aliens will be accompanied by a registered guide or master guide, or by a hunter who is over 21 years of age and who meets other qualifications outlined in the legislation. The taking of bear under authority of a bear predation management permit is subject to all other provisions applicable to the taking of bear such as the regulations governing the method, manner, means, bag limit, or other matters adopted by the board that do not conflict with this legislation.

This legislation is not expected to have a fiscal impact on the Alaska State Troopers.
