Temporary						

ANALYSIS: (Attach a separate page if necessary)

SB 327 will amended AS 28.05.011(a) to require that the Commissioner of Public Safety develop regulations allowing pedestrians using wheeled adjuncts, such as rollerblades, roller skates, and rollerskis, to use roadways and vehicular ways or areas available for use by bicycles. These regulations must include requirements that these pedestrians obey traffic laws, limit activities to daylight hours, wear an appropriate helmet and bright clothing, proceed in single file except when passing, complete all passing maneuvers expeditiously, not use any electronic devices that can inhibit hearing, and stay to the far right and restrict movement when passing by a motor vehicle.

The department does not anticipate the need for additional resources if this bill passes. The required regulation project can be handled using existing resources.
