## ALASKA STATE LEGISLATURE

### TWENTY-THIRD LEGISLATURE -- FIRST SESSION

Juneau, Alaska

Wednesday

February 19, 2003

#### Thirtieth Day

Pursuant to adjournment the House was called to order by Speaker Kott at 10:07 a.m.

Roll call showed 37 members present. Representatives Heinze and Stevens had been previously excused from a call of the House today.

Representative Coghill moved and asked unanimous consent that Representative Masek be excused from a call of the House today. There being no objection, it was so ordered.

The invocation was offered by the Chaplain, Bishop Ron Martinson of the Alaska Synod of the Evangelical Lutheran Church in America. Representative Fate moved and asked unanimous consent that the invocation be spread on the journal. There being no objection, it was so ordered.

I invite you to join with me in prayer.

Good and gracious God,

We come before You in prayer this morning asking for Your blessing to rest upon all of us as we seek to carry out the responsibilities of our elected offices or the duties of our position. May each of us find sufficient satisfaction through what we do to continue serving with a sense of fulfillment.

In this world where war seems so near we dare to ask for peace -- peace for ourselves, our state, our nation, and our world. Give to the leaders of all nations the desire for peace, the wisdom to seek the ways of peace, and the resolve to bring about a just peace for all people. Help us not to give up on the possibility of peace even as words of war flow from our newspapers and television sets. Let peace come, O Lord, and let it begin with us.

In a world where poverty touches so many we would ask that we may have minds that are set on solutions for the poor, hearts that flow with generosity to aid the poor, and backs that are willing to bear the burdens of the poor. We ask that You would be with the poor of our communities, state, nation, and world that they might not be overlooked or forgotten, but that we might do our best to be just and humane in all our dealings and decisions which deal with the poor, the homeless, the hungry, and the powerless.

Give us the courage to do what is right, just, and fair even though it may not be popular or politically correct.

For I ask this through the Name of the one whom I serve, Jesus Christ.

Amen.

The Pledge of Allegiance was led by Representative Gruenberg.

#### **CERTIFICATION OF THE JOURNAL**

Representative Coghill moved and asked unanimous consent that the journal for the 29th legislative day be approved as certified by the Chief Clerk. There being no objection, it was so ordered.

The following Governor's bill is out of numerical sequence because the number was preassigned.

**HB 100**

HOUSE BILL NO. 100 by the House Rules Committee by request of the Governor, entitled:

"An Act making supplemental and other appropriations; amending appropriations; and providing for an effective date."

was read the first time and referred to the Finance Committee.

The Governor's transmittal letter dated February 18, 2003, follows:

"Dear Speaker Kott:

Today I am transmitting two supplemental appropriation bills for Fiscal Year 2003. This bill is sometimes referred to as the 'fast track' supplemental bill because it includes items that have particularly tight time requirements that are not accommodated by the usual passage of supplemental appropriations later in the spring.

As you know, the Legislature's staff estimated the expected supplemental would total \$140 million. The two bills we are submitting total \$63.3 million. Our goal was to include general fund supported requests for circumstances that were not within management's control, such as disasters, caseload growth in formula-driven programs, and increased fuel costs.

We are also requesting Federal funds of \$19.8 million to begin three urgently needed highway projects sooner than waiting for the Fiscal Year 2004 capital budget. Two of the fast track supplemental requests

are due to programs that were short-funded in last year's budget: subsidized adoptions and foster care special needs. The subsidized adoption program was funded \$2 million less than the department's projection. It now appears that a total of \$2.8 million more will be needed this year to meet state obligations to parents who have adopted children with special needs. The foster care special needs program was short-funded \$445,300, while now, due to additional caseload growth, a total of \$615,300 is required.

I request that you put this bill on a 'fast track' for final action in early March.

Sincerely yours,  
/s/  
Frank H. Murkowski  
Governor"

**HB 108**

HOUSE BILL NO. 108 by Representative Foster, entitled:

"An Act relating to establishing a screening, tracking, and intervention program related to the hearing ability of newborns and infants; providing an exemption to licensure as an audiologist for certain persons performing hearing screening tests; relating to insurance coverage for newborn and infant hearing screening; and providing for an effective date."

was read the first time and referred to the Health, Education & Social Services and Finance Committees.

**HB 109**

HOUSE BILL NO. 109 by the House State Affairs Committee, entitled:

"An Act relating to the limitation on payment of state treasury warrants; and providing for an effective date."

was read the first time and referred to the State Affairs and Finance Committees.

**HB 110**

HOUSE BILL NO. 110 by the House Rules Committee by request of the Governor, entitled:

"An Act making supplemental and other appropriations; amending appropriations; making appropriations to capitalize funds; and providing for an effective date."

was read the first time and referred to the Finance Committee.

The Governor's transmittal letter dated February 18, 2003, follows:

"Dear Speaker Kott:

I am transmitting to you today two supplemental appropriation bills for Fiscal Year 2003. Issues requiring attention on an expedited basis are in a separate 'fast track' bill. This bill includes supplemental needs with less immediate timing requirements.

Initial projections by the Legislature were that the Administration would be requesting a \$140 million general fund supplemental package. In contrast, we are submitting a combined package (both 'fast track' and regular) that totals \$63.3 million in general funds. This is a result of our Administration's commitment to doing all we can to manage programs within the budget approved by the Legislature.

As you may recall, some of the supplemental requests are the result of legislative decisions made last session in which low case formula projections were reduced and some programs, such as the Office of Public Advocacy and Public Defender Agency were not funded for a full year.

In some instances, we have been able to cover shortfalls in one area by excess appropriations in another. For instance, based on current estimates of general funds needed for the foundation formula, \$6.7 million can be transferred to cover other supplemental needs. The general fund capitalization of the debt retirement fund may also be reduced for two reasons: 1) the amount available for school debt reimbursement from the public school fund is higher than anticipated, and 2) the actual amount of school debt reimbursement is lower than anticipated.

The Administration's goal is to limit future supplemental requests to circumstances that were unanticipated and not within management's control. To that end, we look forward to working with you on the funding levels for the Fiscal Year 2004 operating budget.

Sincerely,  
/s/  
Frank H. Murkowski  
Governor"

**HB 111**

HOUSE BILL NO. 111 by the House Rules Committee by request of the Governor, entitled:

"An Act extending the termination date of the Regulatory Commission of Alaska; and providing for an effective date."

was read the first time and referred to the Labor & Commerce and Finance Committees.

The following fiscal note(s) apply:

1. Fiscal, Dept. of Community & Economic Development

The Governor's transmittal letter dated February 18, 2003, follows:

"Dear Speaker Kott:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that would extend the life of the Regulatory Commission of Alaska (RCA) to avoid its termination on June 30, 2003. The bill also includes a provision for an immediate effective date.

It is important to pass this bill before the RCA's termination date. The RCA regulates utilities statewide and intrastate pipelines. The continued operation of the RCA is essential to ensure that Alaskan consumers have reliable and affordable utility services and to assure a stable business environment for utilities and pipelines.

Failure to extend the commission this session would significantly interfere with its work. Though the sunset Act provides for a 'wind down' year, the commission would have to redirect its time and energy to plan for closing its operations. Failure to extend the RCA would leave the regulated utilities as well as consumers in a state of confusion and uncertainty.

I urge your prompt and favorable action on this measure.

Sincerely yours,  
/s/  
Frank H. Murkowski  
Governor"

**HB 112**

HOUSE BILL NO. 112 by the House Rules Committee by request of the Governor, entitled:

"An Act relating to the authority of the Alaska Industrial Development and Export Authority to issue bonds; and providing for an effective date."

was read the first time and referred to the Finance Committee.

The following fiscal note(s) apply:

1. Zero, Dept. of Community & Economic Development

The Governor's transmittal letter dated February 18, 2003, follows:

"Dear Speaker Kott:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill that would extend the sunset on the Alaska Industrial Development and Export Authority's (Authority) bonding authorization until July 1, 2007.

The bill would extend the Authority's bonding authorization for development projects of \$10,000,000 or less. The Authority's general bonding authorization will expire June 30, 2003, unless extended.

Allowing that authorization to expire would severely restrict the Authority's ability to assist in key development projects.

In a time of dwindling state resources, this bill would further the Authority's mission to forge public-private partnerships that can strengthen the state's economic base.

I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Frank H. Murkowski  
Governor"

**HB 113**

HOUSE BILL NO. 113 by the House Rules Committee by request of the Governor, entitled:

"An Act extending the renewal period for oil discharge prevention and contingency plans; and providing for an effective date."

was read the first time and referred to the House Special Committee on Oil & Gas and the Resources and Finance Committees.

The following fiscal note(s) apply:

1. Zero, Dept. of Environmental Conservation

The Governor's transmittal letter dated February 18, 2003, follows:

"Dear Speaker Kott:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting a bill extending the renewal period for oil discharge prevention and contingency plans under AS 46.04.030 and 46.04.055 from three years to five years.

AS 46.04.030 requires that all operators of oil terminals, pipelines, exploration or production facilities, tank vessels, and oil barges have

an approved oil discharge prevention and contingency plan in order to operate. AS 46.04.055 requires that operators of nontank vessels over 400 gross tons and railroad tank cars transporting oil also have an approved oil discharge prevention and contingency plan. Current law requires that these contingency plans be renewed every three years.

In contrast, federal oil spill response plans are reviewed and renewed every five years. However, there is no requirement that state contingency plans match the federal renewal cycle.

A five-year renewal period will streamline the review for both the state and industry, while maintaining Alaska's strong oil spill prevention and response standards. Focusing on the actual testing of oil spill prevention and response readiness through in-the-field inspections, drills, and exercises is our most effective means of ensuring spill prevention and response readiness.

I urge your prompt and favorable action on this measure.

Sincerely,  
/s/  
Frank H. Murkowski  
Governor"

**HB 114**

HOUSE BILL NO. 114 by the House Rules Committee by request, entitled:

"An Act relating to the issuance of a search warrant."

was read the first time and referred to the Judiciary Committee.

**HB 115**

HOUSE BILL NO. 115 by Representative Kerttula, entitled:

"An Act extending the termination date of the Alaska Minerals Commission."

was read the first time and referred to the Resources and Finance Committees.

**HB 116**

HOUSE BILL NO. 116 by Representative Masek, entitled:

"An Act exempting supervisory employees of small businesses from the overtime wage requirement."

was read the first time and referred to the Labor & Commerce Committee.
