Final Supplement

DRAFT

MESSAGES FROM THE GOVERNOR

The following Governor's proclamation dated June 23, 2004, was received:

"Under the authority of art. II, sec. 9, and art. III, sec. 17, of the Alaska Constitution, and in the public interest, I am supplementing my proclamation of June 4, 2004, calling the Twenty-Third Legislature of the State of Alaska into its first special session at Juneau, Alaska, on June 22, 2004, with the addition of the following subjects:

1. Appropriations to implement the subjects set out in my proclamation dated June 4, 2004; and
2. An appropriation to the Department of Commerce, Community and Economic Development to purchase fuel for rural communities for the fiscal year ending June 30, 2005.

This proclamation supplements my proclamation of June 4, 2004.

Done by,
/s/
Frank H. Murkowski
Governor"

The following Governor's transmittal letter dated June 23, 2004, was received:

"Dear Speaker Kott:

The appropriation bill delivered today contains an appropriation to assist communities that the Department of Community and Economic Development determines do not have financial ability to purchase enough fuel for fiscal year 2005. The bill also includes an appropriation for the fiscal note accompanying the tobacco tax bill.

I look forward to a successful special session.

Sincerely yours,
/s/
Frank H. Murkowski
Governor"

An appropriation bill was enclosed.

HB 377

The following was engrossed and enrolled, signed by the Speaker and Chief Clerk, President and Secretary of the Senate, and the engrossed and enrolled copies were transmitted to the Office of the Governor at 11:09 a.m., June 25, 2004:

CONFERENCE CS FOR HOUSE BILL NO. 377

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

Also transmitted was a copy of the following letter dated June 10, 2004, to Phil Younker, Sr., Chair, Alaska Mental Health Trust Authority:

"Dear Mr. Younker:

In accordance with AS 37.14.005(c), this letter describes changes made by the legislature to the Governor's amended comprehensive FY05 mental health and developmental disabilities services budget

proposal. The enclosed reports compare CCS HB 377 to the Governor's proposal rather than to the Authority's proposal because the Governor did not transmit the Authority's proposal to the Legislative Finance Division.

The legislature made no changes to funding levels for Mental Health capital projects, but did substitute general funds (GF/MH) for the proposed appropriation of Alaska Housing Finance Corporation dividends. This action was taken to ensure more accurate tracking of appropriations for mental health programs.

Based on perceived need, the legislature appropriated \$1,189,800 more General Fund/Mental Health funds for operating purposes than was requested by the Governor. Funding for a Court coordinated resources project accounted for \$148,500 of the total, and \$1,032,400 in additional funding went to the Department of Health and Social Services. Programs affected include Behavioral Health (\$558,800) and Home and Community Based Care (\$437,500). Minor increases in other programs, in various agencies, were the result of adjustments for the cost of employee benefits.

We appreciate the good working relationship that has been established between the Trust and the legislature; it has enabled us to address many issues in creative and efficient ways that would not otherwise be possible.

If you have additional questions, please contact Anna Kim of the Legislative Finance Division at 465-5410.

Sincerely,

/s/

Senator Lyda Green

MESSAGES FROM THE GOVERNOR**HB 375**

The following letter dated July 19, 2004 was received:

"Dear Speaker Kott:

On this date I signed with line item vetoes the following bill passed by the second session of the Twenty-third Alaska State Legislature and am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 375

"An Act making appropriations for the operating and loan program expenses of state government, for certain programs, and to capitalize funds; and providing for an effective date."

Chapter No. 158, SLA 2004

[Effective Date: See Chapter]

The Fiscal Year 2005 budget that I proposed last December represented a \$245 million spending reduction from Fiscal Year 2003. To get government back to basics, the administration prioritized state

services—while saving money—in order to increase investment in programs that meet the state's traditional responsibilities to citizens. We proposed, and the Legislature agreed, to add 20 Alaska State Troopers—the largest one-time addition in memory. Once criminals have been arrested, we want them off the street. We proposed, and the Legislature agreed, to add nine criminal prosecutors. Lack of commitment to convicting criminals over the last decade left the state without prosecutors to handle the more than 70 percent increase in felony cases. This budget adds more prosecutors than in the last ten years combined.

The greatest investment we can make in the growth and diversity of our economy is to invest in education. Funding for the K-12 base student allocation will increase \$82 million, bringing the state's investment in K-12 support to \$805 million—35 percent of the state's general fund operating budget. Another \$229 million in state general funds will be invested in the University of Alaska, which represents an increased \$16 million investment. (Funding for K-12 education and the University were included in FCCS SB 283 (Corrected)).

The Legislature also agreed to invest an additional \$12 million to develop Alaska's natural resources, which are key to Alaska's future. This budget more than doubles the state's investment in the Department of Natural Resources' work to develop the state's oil and gas. The additional funding will enable the Division of Oil and Gas in the Department of Natural Resources to further its work on oil and gas lease sales, such as Alaska Peninsula and National Petroleum Reserve-Alaska. This includes \$5.5 million to support the department's work on permitting and processing the stranded gas applications for a future gas pipeline. This also includes \$5.1 million that will be invested in the Department of Revenue's work to bring Alaska's North Slope natural gas to market. We have made a lot of progress over the last year in getting Alaska's natural gas to market. I am confident that with this additional investment we will provide a road map for realizing the value of our North Slope gas both in-state and in the markets beyond our borders.

Just as I did in Fiscal Year 2004, I challenged the Legislature to keep Fiscal Year 2005 spending below the current year and set a goal of not using more than \$400 million of the state's reserve funds, or

Constitutional Budget Reserve (CBR) to prop up spending. In terms of overall spending, the Legislature's approved spending was \$17 million higher in general funds over Fiscal Year 2004. Based on the Department of Revenue's spring forecast, the projected draw from the CBR would have been \$371.2 million for Fiscal Year 2005.

I have made \$4.3 million in general fund vetoes in the Fiscal Year 2005 operating budget. Each is discussed below. Of this amount, \$1.2 million will come from savings in travel. These initiatives are part of our on-going effort to improve the state's business practices. We are not finished with reducing the size of government and remain focused on the state's bottom line. We are working to ensure the state gets value for every dollar spent and that programs are effective in delivering results for Alaskans.

The following are the vetoes I have made in the Fiscal Year 2005 operating budget:

Department of Community and Economic Development - \$138,300

Community Assistance and Economic Development – Community Advocacy

- *Local Boundary Commission staff - \$75,800*

This would have added an additional position to work with the Local Boundary Commission. In light of the challenge of trying to balance spending with revenues, the funding for this new position was vetoed. The department will have to re-prioritize its workload to meet other demands.

- *Alaska Legal Services Corporation grant - \$62,500*

The state's support to this non-profit organization has declined over the years. Providing a grant to an organization that provides legal assistance to individuals is not a basic responsibility of state government.

Department of Education and Early Development - \$169,400

Alaska Library and Museums

- *Library Operations - \$100,000*

The Legislature reinstated this reduction that was included in the administration's proposed budget. The department continues to

believe that management efficiencies can be found within the library's operations without diminishing services to the public.

- *Archives - \$69,400*

The Legislature added funding for electronic records management. The reality of trying to balance the state's budget means that initiatives such as this need to be funded internally by re-prioritizing and finding efficiencies that will free up funding.

Office of the Governor - \$193,000

Reductions were spread among three areas:

- Executive Operations - \$75,000
- Office of Management and Budget - \$50,000
- Lieutenant Governor - \$68,000

Each organization will find savings through belt-tightening, which includes \$25,800 in estimated travel savings).

Section 21-(b) Fund Transfers - \$1 million

- Alaska Marine Highway System Fund - \$1 million

The general fund deposit into the Alaska Marine Highway System fund was reduced to \$31 million. This reduction was possible due to the savings expected from the recently negotiated contracts with the marine highway unions. The Legislature also appropriated an additional \$8 million to the fund. This veto will not result in a decrease in the level of service.

Salary and Benefit Adjustments - \$1,015,300

Section 30-(a) (3) Public Safety Employees Association - \$1,015,300

The union members failed to ratify the contract and new contract terms will be submitted to the next Legislature. The following amounts were vetoed:

Department of Public Safety

General Funds	\$774,500
Federal Funds	\$31,600
Other Funds	\$30,900

Department of Transportation and Public Facilities/International Airports

Federal Funds	\$7,500
Other Funds	\$170,800

Section 3-(b) University of Alaska monetary terms

Technical veto as this language also appears in section 59(c) of FCCS SB 283 (Corrected).

New Legislation (Section 2, pages 39-41)

As a result of further analysis, the following fiscal notes were vetoed or reduced. Departments will accomplish the work in support of the new legislation within existing budgets:

- *HB 484 – Corrections: Fees/Surcharge - \$46,500*

The funding, appropriated to the Department of Law, was for a clerk to assist with collection of the new fees. Instead, the department will accomplish the necessary tasks with existing resources and work with the court system to electronically transfer the information.

- *SB 65 – Correctional Facility/Personnel - \$260,000*

This funding, appropriated to the Department of Corrections, was for three project managers for planning and construction of new correctional facilities. Regardless of my decision on whether to sign this legislation into law, the department will not need these positions during Fiscal Year 2005. At this time the administration is not willing to jeopardize the state's debt rating by incurring new state-backed debt to build new facilities. The administration has been clear that only when a long-term fiscal solution is in place will it support new debt. At that time the necessary project managers can be hired.

- *SB 224 – Lower DWI for Minors to .02 - \$134,700*

This funding, appropriated to the Department of Administration for the Public Defender Agency, would have funded a new attorney. The final version of this legislation imposes a mandatory minimum fine and community service for juveniles operating a vehicle after consuming alcohol or refusing to submit to a blood alcohol content test. These offenses are already infractions and establishing minimum fines and community service is not expected to cause a substantial enough increase in the number of cases to warrant an additional attorney.

- *SB 231 – Decrease Time to Claim Unclaimed Property - \$30,000*

The funding, appropriated to the Department of Revenue, was reduced from \$60,000. The department will re-prioritize work performed by

existing staff in order to achieve the \$30,000 savings and still get the work done.

All Departments – Travel and State Vehicle Savings - \$1,280,200

Department budgets were reduced by \$375,700 in general funds for expected savings in travel costs (the University's \$250,000 in savings brings the total to \$625,700). Another \$904,500 was taken in anticipated savings from a reduction in the number of state vehicles and improved management of the state's fleet. There will be no impact on direct services delivered to citizens as a result of these savings.

- *Travel Savings - \$375,700*

General fund savings by department are:

Administration	\$12,000
Community and Economic Development	\$5,000
Corrections	\$110,000
Education and Early Development	\$10,000
Environmental Conservation	\$14,300
Fish and Game	\$17,000
Governor's Office	\$25,800
Health and Social Services	\$104,900
Labor and Workforce Development	\$3,300
Military and Veterans Affairs	\$25,000
Natural Resources	\$12,000
Public Safety	\$26,000
Revenue	\$11,200
Transportation and Public Facilities	\$25,000

(The University of Alaska's savings was taken in FCCS SB 283 (Corrected). The \$25,800 in Governor's office travel is tallied in the earlier summary of reductions for the Office of the Governor.)

- *State Vehicle Savings - \$904,500*

General fund savings by department are:

Corrections	\$65,000
Environmental Conservation	\$6,500
Fish and Game	\$10,000
Health and Social Services	\$5,800

Labor and Workforce Development	\$2,200
Law	\$4,000
Transportation and Public Facilities	\$811,000

In spite of the increased level of investment made in key programs discussed earlier, approved spending from all appropriation measures is basically flat when compared to Fiscal Year 2004. With the customary addition of a \$12.5 million placeholder for supplemental spending next session, overall general fund spending after vetoes for Fiscal Year 2005 is \$13.5 million higher. When compared to Fiscal Year 2003, spending has been reduced by \$163 million. The projected CBR draw, based on the Alaska Department of Revenue's Spring revenue forecast of \$28.30 per barrel, is \$360.6 million.

The current high oil prices have given Alaska's finances a slight reprieve. For some, it may also have served as political permission to avoid making politically challenging decisions to bring stability and certainty to state finances and public services. This administration's plan is for the state to live within its means and develop its resource wealth. This includes managing not only our natural resources but also our financial resources wisely.

We need to protect the value of our Permanent Fund for future generations of Alaskans. And we need to decide, together as Alaskans, on the wisest use of the income from the growing fund. I have advocated putting dividends first because our economy and individual Alaskans depend on them. After dividends are paid, I believe we should make sure we have enough money for education and that we provide some assistance to help keep the lights on and reduce the property tax burden in communities around the state.

I will continue to work with the Legislature and all Alaskans on these financial issues. But we should not let debate over how to manage our bank account take our eye off our job. Job one is to develop our resource wealth to provide hope and opportunity for all Alaskans. Developing our resources is the best way to fund the basic priorities of government—education, public safety, transportation, and public health—and to grow our Permanent Fund.

To these ends, I look forward to working with the Legislature and Alaskans on these critical issues. Alaskans deserve leaders who will take responsibility today for Alaska's tomorrow.

Sincerely yours,
/s/
Frank H. Murkowski
Governor"

HB 377

The following letter dated July 19, 2004 was received:

"Dear Speaker Kott:

On this date I have signed the following bill passed by the second session of the Twenty-Third Alaska State Legislature. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

CONFERENCE CS FOR HOUSE BILL NO. 377

"An Act making appropriations for the operating and capital expenses of the state's integrated comprehensive mental health program; and providing for an effective date."

Chapter No. 157, SLA 2004
[Effective Date: July 20, 2004]

The Legislature added nearly \$1.2 million in additional general funds to the mental health operating budget for a coordinated resources project in the Alaska Court System and added funds to the Behavioral Health and Home and Community Based Care programs in the Department of Health and Social Services. The Legislature funded all of the mental health capital projects put forward by the administration. I have signed the bill into law as passed by the Legislature.

Sincerely yours,

Chapter No. 159, SLA 2004
[Effective Date: See Chapter]

The Fiscal Year 2005 capital budget continues to invest limited state dollars in basic infrastructure. Of note is that of the capital budget's overall \$1.56 billion in appropriations, \$1.45 billion will come from federal funds and only \$117.3 million is from state funds. Federal support ranges from \$232.8 million for airport improvements; \$411.2 million for surface transportation projects; \$61 million for village safe water projects; \$20.9 million for Pacific coastal salmon recovery efforts; to \$5.5 million for a voter registration and election management system.

In terms of state dollars, only \$8.8 million in general funds are tapped. This was possible because of the Alaska Student Loan Corporation's ability to provide revenue bond proceeds to fund capital improvements. This will save approximately \$250 million in general funds over three fiscal years and have no impact on the corporation's ability to meet the needs of student loan borrowers.

Based on my review of FCCS SB 283 (Corrected), I have vetoed two sections for the reasons described below:

Section 47(c) - Alaska Travel Industry Association - \$700,000

In Fiscal Year 2004, ATIA was unable to meet the statutory match requirement for marketing funds. This section converted the unmatched balance to a grant, thereby circumventing the intention of state law. For this reason, I have vetoed the appropriation.

Section 59 – University of Alaska - \$250,000

This reduction reflects the University's estimate of how much it will save in travel costs. Additional savings by other departments are reflected in reductions in the Fiscal Year 2005 operating budget (CCS HB 375).

In spite of increased investment in priority programs, approved spending from all appropriation measures is basically flat when compared to Fiscal Year 2004. With the customary addition of a \$12.5 million placeholder for supplemental spending next session, overall spending after vetoes for Fiscal Year 2005 is \$13.5 million higher. When compared to Fiscal Year 2003, spending has been reduced by \$163 million. The projected Constitutional Budget Reserve draw, based on the Department of Revenue's spring revenue forecast of \$28.30 per barrel, is \$360.6 million.

The current high oil prices have given Alaska's finances a slight reprieve. For some, it may also have served as political permission to avoid making politically challenging decisions to bring stability and certainty to state finances and public services. This administration's plan is for the state to live within its means and develop its resource wealth. This includes managing not only our natural resources but also our financial resources wisely.

We need to protect the value of our Permanent Fund for future generations of Alaskans. And we need to decide, together as Alaskans, on the wisest use of the income from the growing fund. I have advocated putting dividends first because our economy and individual Alaskans depend on them. After dividends are paid, I believe we should make sure we have enough money for education

and that we provide some assistance to help keep the lights on and reduce the property tax burden in communities around the state.

I will continue to work with the Legislature and all Alaskans on these financial issues. But we should not let debate over how to manage our bank account take our eye off our job. Job one is to develop our resource wealth to provide hope and opportunity for all Alaskans. Developing our resources is the best way to fund the basic priorities of government—education, public safety, transportation, and public health—and to grow our Permanent Fund.

To these ends, I look forward to working with the Legislature and Alaskans on these critical issues. Alaskans deserve leaders who will take responsibility today for Alaska's tomorrow.

Sincerely yours,
/s/
Frank H. Murkowski

SB 65

The following letter dated July 22, 2004 was received:

"Dear Speaker Kott:

On this date I have signed the following bill passed by the second session of the Twenty-Third Alaska State Legislature. I am transmitting the engrossed and enrolled copies to the Lieutenant Governor's Office for permanent filing:

HOUSE CS FOR CS FOR SENATE BILL NO. 65(FIN)

"An Act relating to the qualifications of correctional officers, parole officers, and probation officers; authorizing the Department of Corrections to enter into lease-purchase agreements with municipalities for new or expanded public correctional facilities in the Fairbanks North Star Borough, the Matanuska-Susitna Borough, Bethel, the Municipality of Anchorage, and the City of Seward; relating to the development and financing of privately operated correctional facility space and services; authorizing the Department of Corrections to enter into a lease-purchase agreement with the City of Whittier for the confinement and care of prisoners in privately operated correctional facility space if the state cannot provide the same level of services required in state law or regulation for the same or less cost; giving notice of and approving, and authorizing the entry into and issuance of certificates of participation for, the upgrade, expansion, and replacement of certain jails in Dillingham and Kodiak; and providing for an effective date."

Chapter No. 160, SLA 2004

[Effective Date: July 23, 2004]

I have consistently supported finding a solution to the chronic problem of prison overcrowding in Alaska. Over a decade of gridlock has led to the failure to improve on what was supposed to be a temporary solution of sending prisoners to Arizona. The result has been the placement of more and more prisoners into community housing alternatives and the constant transferring of prisoners between locations to ensure the integrity of the system, all of which runs the risk of compromising the level of public safety being provided to Alaskans.

Working with the Legislature, we have ended the gridlock. This bill will give the state the authority to address many needs, including both pretrial and long-term incarceration of criminals across the state. It will give the state the authority to pursue a large facility in the Mat-Su Valley, to reduce prison costs and ease the overcrowding in other areas. It will allow the state, subject to specified restrictions, to replace the Kodiak jail and the jail in Dillingham. It will also allow the state to expand the Anchorage Correctional Complex, if federal money becomes available. The expansions authorized in this bill will enhance the level of public safety afforded to the people of Alaska by providing a stable and adequate supply of prison beds to house those criminals who choose to victimize our citizens.

And finally, this bill will generate good paying, long-term jobs for Alaskans and end the export of over \$14 million per year to Arizona.

In addition to my support of finding a solution to the prison overcrowding, I have consistently advised the Legislature that it should adopt a long-range fiscal plan for the State of Alaska. I believe the state needs to be on a solid financial footing before it authorizes a program of new borrowing that ultimately relies on the credit of the state.

The state's credit has been under the cloud of a formal negative outlook by Moody's since August of 2002. The amount of debt authorized in this bill coupled with a lack of a long-range fiscal plan causes concern, the greatest of which is a potential negative effect on the state's credit rating. A downgrade of the state's credit could cost Alaska communities more each year in added interest. Even with petroleum revenues and one-time reserves paying state interest costs, Alaskans who pay property taxes to a city with debt, have a student loan, or have a home mortgage with a state agency would realize increased costs from a credit downgrade. A credit downgrade would be much like a hidden tax on Alaskans.

I have made a commitment to the rating agencies that the state will not incur additional debt until recurring revenues match expenditures. I maintain that commitment and my signature of this bill is not an indication of our intent to immediately move forward with the \$850 million in potential debt authorized in this legislation.

I will still mandate that, before actual bonding or significant debt instruments can be issued, there must be a satisfactory repayment ability that will not jeopardize the state's AA bond rating. The responsibility to assure that the credit rating is not put in jeopardy is the joint responsibility of the Legislature and the administration. It is further understood that my administration, including the commissioner of Corrections and the State Bond Committee, will not initiate any action inconsistent with the state debt policy as articulated by the Office of the Governor.

There are several provisions included in the bill that I will use to ensure my commitment is maintained. First, the bill provides the Department of Corrections the option to enter into lease-purchase agreements for new or expanded facilities. There is no mandate. Second, the authorization remains in effect until 2009. Third, lease-purchase agreements are subject to approval by the state bond committee made up of the commissioners of Revenue, Commerce, and Administration and the state bond committee will not approve debt that will result in a downgrading of the state's credit rating. Fourth, the bill restricts the Department of Correction's authority to sign lease-purchase agreements if any bonds issued for the projects would be rated below investment grade. Finally, certificates of participation authorized under the bill are restricted if the issuance would lower the state's credit rating and the certificates are rated below investment grade.

I look forward to working with the Legislature and Alaskans to address the long-term fiscal needs of the state and the need to house our prisoners.

Sincerely yours,

/s/

Frank H. Murkowski
