Page 2, following line 30:

Insert a new subsection to read:

“(h) The provisions of this bill shall sunset on January 1, 2010, unless the Alaska Division of Insurance determines this legislation has made medical malpractice insurance more affordable, or more widely available. The Division shall prepare a report addressing these issues by December 1, 2010, and that report shall address and answer each of the following questions:

(1) Have any of the provisions of Senate Bill 67 had an impact making medical malpractice insurance more affordable than it would have been without this legislation?

(2) Have any of the provisions of Senate Bill 67 had an impact making medical malpractice insurance more widely available than it would have been without this legislation?”

Reletter the following subsections accordingly.
