No money appropriated in this appropriation may be expended for an abortion that is not a mandatory service required under AS 47.07.030(a). The money appropriated for Health and Social Services may be expended only for mandatory services required under Title XIX of the Social Security Act and for optional services offered by the state under the state plan for medical assistance that has been approved by the United States Department of Health and Human Services. This statement is a statement of the purpose of the appropriation and is neither merely descriptive language nor a statement of legislative intent.

It is the intent of the legislature that the Department continues to aggressively pursue Medicaid cost containment initiatives undertaken in fiscal 2005. While individual components of the original initiatives may be unattainable, work should continue on others where the Department believes additional cost containment is possible including further efforts to contain travel expenses. The Department must initiate efforts imposing regulations controlling and materially reducing the cost of Personal Care Attendant (PCA) services. Efforts must be initiated to impose regulations screening applicants for Residential Psychiatric Treatment Center (RPTC) services, especially for out-of-state services. The department must address the entire matrix of optional Medicaid services, reimbursement rates and eligibility requirements that are the basis of the Medicaid growth algorithm. This work is to utilize the results of the Medicaid Assessment and Planning analysis that was funded in the FY05 budget and will be available in early FY06. The legislature requests that by January 2006 the Department be prepared to present projections of future Medicaid funding requirements under our existing statute and regulations and be prepared to present and evaluate the consequences of viable policy alternatives that could be implemented to lower growth rates and reducing projections of future costs.

residents of the Pioneer Homes to apply for all appropriate benefit programs prior to a state subsidy being provided for their care from the State Payment Assistance program.			
It is the intent of the legislature that all pioneers' homes and veterans' homes applicants shall complete any forms to determine eligibility for supplemental program funding, such as Medicaid, Medicare, SSI, and other benefits as part of the application process. If an applicant is not able to complete the forms him/herself, or if relatives or guardians of the applicant are not able to complete the forms, Department of Health and Social Services staff may complete the forms for him/her, obtain the individuals' or designee's signature and submit for eligibility per AS 47.25.120.

The Department of Health and Social Services will establish specific "evidence based" prevention programs at the community level through a competitive Request for Proposal (RFP). The department will also develop a clear plan for evaluation and program outcomes to better document the successes of Alaska's prevention efforts. The Plan must be presented to the Legislative Budget and Audit Committee prior to the beginning of the 2006 legislative session, or to the House and Senate Finance Committees by February 1, 2006 for approval. Upon approval of the Plan, up to \$2,000,000 in TANF Bonus award funding may be made available for alcohol and drug program expansion. The amount of the funding will be prorated based on timing and realistic use of funds.

1 * **Sec. 2** The following appropriation items are for operating expenditures from the general
 2 fund or other funds as set out in the fiscal year 2006 budget summary by funding source to the
 3 state agencies named and for the purposes set out in the new legislation for the fiscal year
