2 **to the hearing ability of newborns and infants; providing an exemption to licensure as**  
3 **an audiologist for certain persons performing hearing screening; relating to insurance**  
4 **coverage for newborn and infant hearing screening; and providing for an effective**

6 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

7 **\* Section 1.** The uncodified law of the State of Alaska is amended by adding a new section  
8 to read:

9 LEGISLATIVE FINDINGS. The legislature finds that

10 (1) hearing loss occurs in newborns and infants more frequently than any other  
11 health condition for which newborn or infant screening is required;

12 (2) 80 percent of the language ability of a child is established by the time the  
13 child is 18 months of age, and appropriate language training is vitally important to the healthy

1 development of cognitive, social, emotional, and academic skills;

2 (3) early detection of hearing loss in a child and early intervention and  
3 treatment have been demonstrated to be highly effective in facilitating a child's healthy  
4 development in a manner consistent with the child's age and cognitive ability;

5 (4) children with hearing loss who do not receive early intervention and  
6 treatment frequently require special education services, and these services are publicly funded  
7 for the vast majority of children with hearing needs in the state; and

8 (5) appropriate screening and identification of newborns and infants with  
9 hearing loss will facilitate early intervention and treatment and may serve the public purpose  
10 of promoting the healthy development of children while reducing public expenditures.

11 \* **Sec. 2.** The uncodified law of the State of Alaska is amended by adding a new section to  
12 read:

13 LEGISLATIVE INTENT. Subject to the availability of appropriations to implement  
14 AS 47.20.300 - 47.20.390, enacted by sec. 6 of this Act, the Department of Health and Social  
15 Services shall implement the program required by this Act so that 100 percent of all newborns  
16 and infants in the state are being screened for hearing loss by January 1, 2008.

17 \* **Sec. 3.** AS 08.11.120(b) is amended to read:

18 (b) Notwithstanding the provisions of this chapter,

19 (1) a nurse licensed under AS 08.68 may perform hearing sensitivity  
20 evaluations;

22 deal in hearing aids;

23 (3) an individual holding a class A certificate issued by the Conference  
24 of Executives of American Schools of the Deaf may teach the hearing impaired;

25 (4) an individual may engage in the testing of hearing as part of a  
26 hearing conservation program that complies with the regulations of the Occupational  
27 Safety and Health Administration of the federal government if the individual is  
28 certified to do the testing by a state or federal agency acceptable to the Occupational  
29 Safety and Health Administration;

30 **(5) an individual may perform hearing screening under**  
31 **AS 47.20.310 if authorized to do so under a protocol adopted under**

5 delivered outside of a hospital, the bureau shall forward the names and addresses of  
6 the parents to the department employees who administer the screening program set out  
7 in AS 47.20.310 - 47.20.390. Those department employees shall notify the child's  
8 parents of the merits of having the child screened for hearing ability.

9 \* **Sec. 5.** AS 21.42 is amended by adding a new section to read:

10 **Sec. 21.42.349. Coverage for newborn and infant hearing screening.** (a)  
11 Except for a fraternal benefit society, a health care insurer that offers, issues for  
12 delivery, delivers, or renews in this state a health care insurance plan shall provide  
13 coverage for newborn and infant hearing screening under the schedule described in (b)  
14 of this section if the plan covers services provided to women during pregnancy and  
15 childbirth and the dependents of a covered individual.

16 (b) The minimum coverage required under (a) of this section includes

17 (1) a newborn or infant hearing screening to be performed within 30  
18 days after the child's birth; and

19 (2) if the initial screening under (1) of this subsection determines that  
20 the child may have a hearing impairment, a confirmatory hearing diagnostic  
21 evaluation.

22 (c) The coverage required by this section may be subject to standard policy  
23 provisions that are applicable to other benefits, such as deductible or copayment  
24 provisions.

25 \* **Sec. 6.** AS 47.20 is amended by adding new sections to read:

26 **Article 2. Newborn and Infant Hearing Screening, Tracking, and Intervention**  
27 **Program.**

28 **Sec. 47.20.300. Department to implement program.** The department shall  
29 plan, develop, and implement a hearing screening, tracking, and intervention program  
30 to facilitate compliance with the requirements of AS 47.20.310 - 47.20.390.

31 **Sec. 47.20.310. Screening requirements.** (a) Subject to (b) of this section,

1 the physician in attendance at or immediately after the birth of a child in a hospital in  
2 this state, or, if a physician is not in attendance at or immediately after the birth, the  
3 person attending the newborn child in a hospital in this state, shall, unless medically  
4 contraindicated, cause the child to be screened to determine whether the child has a  
5 potential hearing impairment using the methods determined by the department under  
6 (e) of this section. Unless medically contraindicated, the screening shall occur before  
7 the newborn is released from the hospital or before the infant is 30 days old,  
8 whichever is earlier. Each birthing center that provides maternity and newborn care  
9 services shall provide that each newborn in the center's care is referred for an  
10 appointment to a licensed audiologist or to a hospital or other newborn hearing  
11 screening provider before discharge. Unless medically contraindicated, the screening  
12 shall occur before the infant is 30 days old.

13 (b) Notwithstanding (a) of this section, the physician or other person at or  
14 immediately after the birth of a child in a hospital or birthing center that averages less  
15 than 20 births a year is not required to screen the child as described in (a) of this  
16 section but shall, before the newborn is released from the hospital or birthing center,  
17 refer the child for screening at another facility or with another provider. Unless  
18 medically contraindicated, the screening shall occur before the child is 30 days old.

19 (c) If it is determined by screening that a newborn child may have a hearing  
20 impairment, the physician or other person who is required under (a) of this section to  
21 cause the child to be screened shall

22 (1) refer the child for confirmatory diagnostic evaluation;

23 (2) make reasonable efforts to promptly notify the child's parent that  
24 the child may have a hearing impairment and explain to the parent the potential effect  
25 of the impairment on the development of the child's speech and language skills and  
26 psychosocial and cognitive development; and

27 (3) notify the department of the hearing screening results on a form  
28 approved by the department.

29 (d) When the Bureau of Vital Statistics receives a certificate of live birth  
30 under AS 18.50.160 for a newborn who was delivered at a place other than a hospital,  
31 the bureau shall notify the department employees who administer AS 47.20.310 -

1 47.20.390. The department employees shall notify the child's parents of the merits of  
2 having a hearing screening performed, and the department shall provide information to  
3 the parents to assist the parents in accomplishing the hearing screening within 30 days  
4 after the child's birth.

5 (e) The hearing screening required under this section shall use protocols  
6 established by the department. At a minimum, the protocols must include the use of at  
7 least one of the following physiologic technologies: automated or diagnostic auditory  
8 brainstem response (ABR) or otoacoustic emissions (OAE). The department shall  
9 consider updating the protocols as information is provided to the department that new  
10 physiologic technologies or improvements to existing physiologic technologies will  
11 substantially enhance newborn and infant hearing assessment.

12 (f) Notwithstanding (a) of this section, a physician or other person required to  
13 cause a newborn hearing screening under this section is exempt from this requirement  
14 if the parent of the newborn child objects to the screening procedure on the grounds  
15 that the procedure conflicts with the religious or other tenets and practices of the  
16 parent. The parent shall sign a statement that the parent knowingly refuses the  
17 services, and the physician or other person shall have a copy of the signed statement  
18 retained in the hospital records of the birth and sent to the department for tracking  
19 under AS 47.20.320.

20 (g) The physician or other person required to cause a newborn hearing  
21 screening under this section shall report the results of newborn hearing screening as  
22 required by the department under AS 47.20.320.

23 **Sec. 47.20.320. Reporting and tracking program.** (a) The department shall  
24 develop and implement a reporting and tracking system for newborns and infants  
25 screened for hearing loss in order to provide the department with information and data  
26 to effectively plan, establish, monitor, and evaluate the newborn and infant hearing  
27 screening, tracking, and intervention program. Evaluation of the program must  
28 include evaluation of the initial hearing screening, follow-up components, and the use  
29 and availability of the system of services for newborns and infants who are deaf or  
30 hard of hearing and their families.

31 (b) A physician or other person attending the birth in the state, or a hospital on

1 behalf of a physician or other person attending the birth, shall report information  
 2 related to hearing screening required under (a) of this section as specified by the  
 3 department. A person who provides audiological confirmatory evaluation and  
 4 diagnostic services for newborns and infants whose hearing was screened under  
 5 AS 47.20.310 shall report information as specified by the department in regulation.

6 (c) The information received under (b) of this section shall be compiled and  
 7 maintained by the department in the tracking system. The information shall be kept  
 8 confidential in accordance with the applicable provisions of 20 U.S.C. 1439  
 9 (Individuals with Disabilities Education Act), as amended by P.L. 105-17. Data  
 10 collected by the department that was obtained from the medical records of the  
 11 newborn or infant shall be for the confidential use of the department and are not public  
 12 records subject to disclosure under AS 40.25.110. Aggregate statistical data without  
 13 identifying information compiled from the information received is public information.

14 (d) A hospital or other health facility, clinical laboratory, audiologist,  
 15 physician, registered nurse, certified nurse midwife, direct-entry midwife, officer or  
 16 employee of a health facility or clinical laboratory, or an employee of an audiologist,  
 17 physician, or registered nurse is not criminally or civilly liable for furnishing  
 18 information in good faith to the department or its designee under this section. The  
 19 furnishing of information in accordance with this section is not a violation of AS 08 or  
 20 AS 18 or regulations adopted under AS 08 or AS 18 for licensees under those statutes.

21 **Sec. 47.20.330. Intervention program.** (a) The department shall establish  
 22 guidelines for the provision of follow-up care for newborn and infant children in the  
 23 state who have been identified as having or being at risk of developing a hearing loss.  
 24 The services recommended must include appropriate follow-up care for newborns and  
 25 infants with abnormal or inconclusive screening results, such as diagnostic evaluation,  
 26 referral, and coordination of early intervention service programs if the newborn or  
 27 infant is found to have a hearing loss.

28 (b) The parents of all newborns and infants diagnosed with a hearing loss, as  
 29 reported to the department, shall be provided by the department with written  
 30 information on the availability of follow-up care through community resources and  
 31 government agencies, including those provided in accordance with 20 U.S.C. 1400 -

 3 of hearing consumer-based organizations, parent support organizations affiliated with  
 4 deafness, counseling and educational services, and programs offered through the  
 5 department and the Department of Education and Early Development.

6 **Sec. 47.20.340. Outreach campaign.** The department shall conduct a  
 7 community outreach and awareness campaign to inform medical providers, pregnant  
 8 women, and families of newborns and infants of the newborn and infant hearing  
 9 screening, tracking, and intervention program and the value of early hearing screening,  
 10 tracking, and intervention.

11 **Sec. 47.20.350. Report.** The department shall prepare an annual report for the  
 12 governor about the newborn and infant hearing screening, tracking, and intervention  
 13 program administered under AS 47.20.310 - 47.20.390. The report must include  
 14 recommendations on improving the early screening, tracking, and intervention  
 15 program, including strategies to increase the rate of early screening and the use of  
 16 appropriate early intervention techniques. The department shall notify the legislature  
 17 that the report is available.

18 **Sec. 47.20.360. Performance evaluation.** (a) The department shall collect  
 19 and compile performance data on the early hearing screening, tracking, and  
 20 intervention program established under AS 47.20.300 - 47.20.390 to ensure that the  
 21 program is in compliance with AS 47.20.300 - 47.20.390 and the regulations adopted  
 22 under AS 47.20.300 - 47.20.390. The performance evaluation must include

 24 number of infants screened;  
 25 (2) the referral rate for confirmatory diagnostic evaluation;  
 26 (3) the follow-up rate for intervention; and  
 27 (4) the number of false screening results.

28 (b) In conducting a performance evaluation, the department shall
