**A BILL**

**FOR AN ACT ENTITLED**

1 "An Act relating to provider responsibility for ocular postoperative care; and providing  
2 for an effective date."

3 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

4 \* **Section 1.** AS 08.64 is amended by adding a new section to article 3 to read:

5 **Sec. 08.64.364. Postoperative care after eye surgery.** (a) If a surgeon  
6 delegates the responsibility for postoperative care for a patient for whom the surgeon  
7 performed eye surgery in this state, the surgeon may do so only by entering into a  
8 comanagement agreement with an ophthalmologist or optometrist under the provisions  
9 of this section.

10 (b) Except as provided in (c) of this section, a surgeon who performs eye  
11 surgery in this state shall be physically available to the patient for postoperative care  
12 in the community in which the operation was performed for at least 120 hours after the  
13 surgery is completed.

14 (c) A surgeon who performs eye surgery in this state may delegate the

1 responsibility for the first 120 hours of postoperative care for the patient to another  
 2 person if the delegation occurs through a comanagement agreement that meets the  
 3 requirements of this section and the person to whom the responsibility is delegated

4 (1) is an ophthalmologist; and

5 (2) either

6 (A) holds a license or permit to practice medicine or osteopathy  
 7 that was issued under this chapter; or

8 (B) is exempt from the requirement to have a license or permit  
 9 under this chapter by AS 08.64.370(a)(1) or (4).

10 (d) In order to satisfy the requirements of this section, a comanagement  
 11 agreement for post operative care of a patient must meet the following requirements:

12 (1) the agreement may be entered into only when

13 (A) the distance the patient would have to travel to the regular  
 14 office of the operating surgeon would result in an unreasonable hardship for  
 15 the patient, as determined by the patient;

16 (B) the surgeon will not be available for postoperative care of  
 17 the patient as a result of the surgeon's personal travel, illness, travel to a rural  
 18 area of the state for occasional practice of medicine, or travel to an area of the  
 19 state designated as a physician shortage area by the State Medical Board; or

20 (C) other justifiable circumstances exist, as provided under  
 21 regulations of the board;

22 (2) the agreement may not provide a fee to the person to whom the  
 23 care is delegated that does not reflect the fair market value of the services provided by  
 24 the person;

25 (3) the agreement may be entered into only if the surgeon confirms that  
 26 the person to whom the care is delegated is qualified to treat the patient during the  
 27 postoperative period and is licensed or certified to provide the care if license or  
 28 certification is required by law;

29 (4) the agreement may not take effect unless there is a written  
 30 statement in the surgeon's file and in the files of the person to whom postoperative  
 31 care is being delegated that is signed by the patient in which the patient states the

1 patient's consent to the comanagement agreement and in which the patient  
 2 acknowledges that the details of the comanagement agreement have been explained to  
 3 the extent required under (5) of this subsection;

4 (5) the details of the agreement shall be disclosed to the patient in  
 5 writing before surgery is performed; the disclosure required under this paragraph must  
 6 include

7 (A) the reason for the delegation;

8 (B) the qualifications, including licensure or certification, of  
 9 the person to whom the care is delegated;

10 (C) the financial details about how the surgical fee will be  
 11 divided between the surgeon and the person who provides the postoperative  
 12 care;

13 (D) a notice that, notwithstanding the delegation of care, the  
 14 patient may receive postoperative care from the surgeon at the patient's request  
 15 without the payment of additional fees;

16 (E) a statement that the surgeon will be ultimately responsible  
 17 for the patient's care until the patient is postoperatively stable;

18 (F) a statement that there is no fixed date on which the patient  
 19 will be required to return to the referring health care provider; and

20 (G) a description of special risks to the patient that may result  
 21 from the comanagement agreement.

22 (e) A surgeon may not enter into a comanagement agreement governed by this  
 23 section

24 (1) under which two or more physicians or optometrists agree to  
 25 comanage patients of the surgeon as a matter of routine policy rather than on a case-  
 26 by-case basis;

27 (2) that is not clinically appropriate for the patient;

28 (3) that is made with the intent to induce surgical referrals; or

29 (4) that is based on economic considerations affecting the surgeon.

30 (f) An ophthalmologist or optometrist may not require, as a condition of  
 31 making referrals to a surgeon, that the surgeon must enter into a comanagement

1 agreement with the ophthalmologist or optometrist for the postoperative care of the  
2 patient who is referred.

3 (g) An ophthalmologist or optometrist to whom postoperative care is  
4 delegated under a comanagement agreement governed by this section may not further  
5 delegate the care to another person, regardless of whether the other person is under the  
6 supervision of the ophthalmologist or optometrist.

7 (h) It is an affirmative defense to a prosecution under this section or in a  
8 disciplinary proceeding for violation of this section that the surgeon delegated  
9 postoperative care of a patient because of unanticipated circumstances that were not  
10 reasonably foreseeable by the surgeon before the surgery was performed.

11 (i) In this section,

12 (1) "ophthalmologist" means a physician who has completed a  
13 residency in ophthalmology in an accredited program;

14 (2) "optometrist" means a person licensed as an optometrist under  
15 AS 08.72.

16 (j) A person who knowingly violates this section is guilty of a class A  
17 misdemeanor.

4 the person accepts compensation for those services.
